

## MEDICAL BOARD STAFF REPORT

DATE REPORT ISSUED: April 3, 2018  
 ATTENTION: Members, Medical Board of California  
 SUBJECT: Administrative Summary  
 STAFF CONTACT: Kimberly Kirchmeyer, Executive Director

### REQUESTED ACTION:

This report is intended to provide the Members with an update on the staffing, budget, and other administrative functions/projects occurring at the Medical Board of California (Board). No action is needed at this time.

### Administrative Updates

Board staff has had several meetings with interested parties regarding the Board, including but not limited to the following:

- Board staff had calls with the Board's President and Vice President to discuss pending projects and the Board agendas.
- Meetings were held with Chris Castrillo, Deputy Director of the Department of Consumer Affairs (DCA), and other DCA executive staff regarding pro rata, headquarters' office lease, licensing and enforcement workshops, and other issues related to both departments.
- Regular meetings continue to be held with Gloria Castro, Senior Assistant Attorney General.
- Board staff met with the Governor's Office and interested parties regarding the expert reviewer reports, pursuant to the Governor's signing message on Senate Bill 798.
- Board staff continues to meet with DCA and the Department of Justice (DOJ) to discuss the Controlled Substance Utilization Review and Evaluation System (CURES) database.
- Board staff attended webinars and teleconferences from the Federation of State Medical Boards (FSMB) and the International Association of Medical Regulatory Authorities.
- Board staff attended the Physician Assistant Board meeting and provided an update on Board activities.
- Board staff provided a presentation to Sutter Medical Group on the Board's *Guidelines for Prescribing Controlled Substances for Pain* and the Board's enforcement process.
- Board staff provided a webinar to the Senior Medical Patrol regarding the Board's roles and duties, specifically the complaint process and public disclosure.
- Board staff provided a presentation to the County Health Executives Association of California on the Board's *Guidelines for Recommendation of Cannabis for Medical Purposes* and the Board's enforcement process.
- Board staff testified at a hearing held by the Assembly Business and Professions Committee on the CURES system and the Board's use of the system to meet its mission.
- Board staff provided a webinar at the California Hospital Association on Business and Professions Code section 805 and 805.01 reporting.
- Board staff provided a presentation to the California Association of Medical Staff Services – Orange County/San Diego Chapters on the Board's functions and processes, including the requirements for Business and Professions Code sections 805 and 805.01 reporting.
- Board staff met with Graduate Medical Education Directors from the UC system to discuss postgraduate training and other licensing related issues.
- Board staff provided a presentation at the Community Hospital of the Monterey Peninsula Grand Rounds on the Board's enforcement processes and the *Guidelines for Recommendation of Cannabis for Medical Purposes*.

- Board staff provided a presentation at the California Society for Health Care Risk Management on the Board's enforcement process, the misuse and abuse of opioids, and the *Guidelines for Prescribing Controlled Substances for Pain*.
- Board staff have attended several Pro Rata Work Group meetings held by the DCA.
- Board staff attended a DCA Director's quarterly meeting.
- Board staff continues to meet with representatives from the California Department of Public Health, the Board of Pharmacy, Dental Board, the Department of Health Care Services, DOJ, the Emergency Medical Services Authority, DCA, and other interested parties regarding prescription opioid misuse and overdose. The group is identifying ways all the entities can work together to educate prescribers, dispensers, and patients regarding this issue of serious concern.

The Board has released its 2018-2021 Strategic Plan. The new Strategic Plan can be viewed on the Board's website. This Strategic Plan lists the objectives the Board intends to meet over the next four years.

#### Staffing Update

The Board has 163.6 permanent full-time positions (in addition to temporary staff). The Board is at a 6.4% vacancy rate which equates to 10.5 vacant positions. This is higher than the 5.5% vacancy rate that was provided in the last administrative summary. However, there are two individuals who are going through the eligibility and hiring process, which would reduce the vacancy rate to 5%. Management will be working to fill these positions as soon as possible.

#### Budget Update

The Board's budget documents are attached, beginning on page BRD 24A-4 and continuing to page BRD 24A-10. BRD 24A-4 is the Board's fund condition, which identifies the Board's fund reserve at 5.2 months at the end of FY 16-17. The document on page BRD 24A-5 is the Board's fund condition without repayment of the \$9 million loan to the general fund.

It is important to note that due to the transition of the DCA to the new Fi\$Cal reporting system, budget documents for FY 17-18 are still not available at this time. Board staff will be working with DCA to obtain the data for the reports in the near future. Page BRD 24A-10 provides the Board Members' expenditure report as of March 20, 2018.

With the full repayment of the outstanding loans, which are scheduled to occur in FY 17-18, and taking into consideration future anticipated costs, the Board's fund reserve is scheduled to be within its mandated level in FY 18-19. Board staff will be closely monitoring the Board's budget to determine whether future changes are needed. As indicated by both fund conditions, it would not be prudent at this time to consider any reduction in licensing fees as previously recommended by the Bureau of State Audits because the Board anticipates being within its mandatory level at the end of FY 18-19. In addition, the Board has future costs that could impact the Board's budget should they be approved.

#### Controlled Substance Utilization Review and Evaluation System (CURES) Update

On April 2, 2018, the DOJ certified that the CURES database is ready for statewide use and that the DOJ has the adequate staff, user support, and education. Therefore, the mandate to use CURES pursuant to Health and Safety Code section 11165.4 will go into effect six months from April 2, 2018, or October 2, 2018. On pages BRD 24D-1 and 2 is a handout that can be used for information regarding the required usage. In addition, Board staff is completing a CURES webpage to provide information on the full

requirements of the law. Board staff is also working on a flyer that will provide information regarding the requirements in this section in a condensed format and will encourage individuals to review the Board's website for further information.

Board staff is working on an additional pamphlet for physicians regarding the use of CURES, including what to do with the information once a CURES query has been completed. The goal is to complete this pamphlet prior to the implementation of the requirement to check CURES.

Federation of State Medical Boards (FSMB)

The FSMB will hold its annual meeting on April 26-28, 2018, in Charlotte, North Carolina. Due to the location of the FSMB meeting, the Board will not be able to attend; however, the FSMB has provided the Board the opportunity to participate in the House of Delegates via webinar and teleconference. On pages BRD 24E-1 to BRD 24E-8 is a draft of the meeting agenda. Some of the agenda items include discussions about occupational and professional regulation, including the trends to reduce or eliminate forms of licensing; boundary violations and duty to report; disaster preparedness; physician wellness and burnout; public engagement and transparency in medical board practices; regenerative and adult stem cell therapy; suboxone; and technical innovations. There are several resolutions and reports that will also be reviewed, discussed, and voted on during the House of Delegates.

NOTES:

- A. Assumes workload and revenue projections are realized for FY 17/18 and beyond.
- B. Interest on fund estimated at .382%.
- C. \$6 million was loaned to the General Fund in FY 08/09 and \$9 million was loaned to the General Fund by the Board in FY 11/12. \$6 million was repaid in FY 16/17 and \$9 million will be repaid in FY 17/18. If partial payment is made, the remainder will be paid when the fund is nearing its minimum mandated level.
- D. The Financial Information System for California is a direct assessment which reduces the fund balance but is not reflected in the Medical Board of California's state operational budget.
- E. Unscheduled reimbursements result in a net increase in the fund balance.

**Budget Expenditures Reports**

April 2018

In July 2017, the board and bureaus within the Department of Consumer Affairs (DCA), including the Medical Board of California, migrated to the State of California's new financial management system, Financial Information System for California (Fi\$Cal). Replacing more than 2,500 legacy systems, Fi\$Cal is one system providing accounting, budget, cash management, and procurement services statewide.

At each quarterly meeting, the Medical Board reviews its expenditure reports. Due to complications with Fi\$Cal, these reports are still not available for the April 2018 meeting. DCA is working with Fi\$Cal to resolve the lack of reports.
