

## MEDICAL BOARD OF CALIFORNIA Licensing Program

### APPLICATION INFORMATION FOR A POSTGRADUATE TRAINING AUTHORIZATION LETTER (PTAL)

A Postgraduate Training Authorization Letter (PTAL) allows you to seek and commence ACGME accredited training in California.

#### MINIMUM REQUIREMENTS TO APPLY FOR A PTAL

- To be eligible for a Postgraduate Training Authorization Letter (PTAL), applicants must have received all of their medical school education from and graduated from a medical school recognized or approved by the Medical Board of California (Board). The medical school's name must exactly match the name on the Board's list of recognized medical schools. Prior to submitting an application, please refer to the Board's website to verify your medical school is recognized:

[http://www.mbc.ca.gov/Applicants/Medical\\_Schools/Schools\\_Recognized.aspx](http://www.mbc.ca.gov/Applicants/Medical_Schools/Schools_Recognized.aspx)

- Disclosure of your United States Social Security Number (SSN) or your Individual Taxpayer Identification Number (ITIN) is mandatory prior to the issuance of a PTAL. Section 30 of the Business and Professions Code authorizes collection of your SSN or ITIN. Section 31(e) of the Business and Professions Code allows the State Board of Equalization and the Franchise Tax Board to share taxpayer information with the Board. A license issued by the Board may be suspended if a state tax obligation is not paid. *Reporting a number on your Application that is not your SSN or ITIN may be grounds for denial of licensure.*
- To meet the examination requirement for a PTAL, you must have taken and passed all components of USMLE Steps 1 and 2 per Section 1328 of Title 16 California Code of Regulations.
- Certification by the Educational Council for Foreign Medical Graduates (ECFMG) is required. To obtain further information regarding ECFMG Certification, please refer to their website at [www.ecfm.org](http://www.ecfm.org).

An application may be denied based upon omission, falsification or misrepresentation of any item or response on the application or any attachment. ➤ **Grounds for Denial:** Each applicant's credentials for licensure in California are reviewed on an individual basis. The Board has the authority to deny licensure based upon an applicant's act of dishonesty, unprofessional conduct, conviction of a crime, discipline of another state license, or inability to practice medicine safely.

➤ **Due Diligence:** Pursuant to Section 1306 of Title 16 California Code of Regulations, an application shall be deemed abandoned if an applicant fails to complete the application process within 365 days from the date of written notification from the Board of the documents needed to complete the application.
