APPLICATION INFORMATION FOR A PREVIOUSLY LICENSED CALIFORNIA PHYSICIAN

MINIMUM REQUIREMENTS TO REAPPLY FOR LICENSURE

- In accordance with Section 2428 of the California Business and Professions Code, a physician whose California Physician’s and Surgeon’s license expired five or more years ago must reapply for licensure. If you voluntarily canceled your license, you must reapply regardless of the time period.

- Although Section 2428 allows you to undertake a re-application process that is significantly streamlined, you must meet all of the requirements as if you were applying for licensure for the first time.

- You must have completed at least two years of ACGME/RCPSC accredited postgraduate training or have completed one year of approved training and be certified by a specialty board approved by the American Board of Medical Specialties (ABMS).

GENERAL INFORMATION

- As an applicant, you personally are responsible for all information disclosed on your Application, Forms L1A-L1F, including any responses that may have been completed on your behalf by others. An application may be denied based upon omission, falsification or misrepresentation of any item or response on the application or any attachment. The Medical Board of California considers violations of an ethical nature to be a serious breach of professional conduct.

- **Processing Times:** Application materials are processed in the date order in which the application is received in this office. All application forms and supporting materials are stamped with the date and time received in the office. Generally, you should anticipate receiving written correspondence confirming the status of the application for a medical license within 60 days of submission of the application.

- **Grounds for Denial:** Each applicant’s credentials for licensure in California are reviewed on an individual basis. The Board has the authority to deny licensure based upon an applicant’s act of dishonesty, unprofessional conduct, conviction of a crime, discipline of another state license or inability to practice medicine safely.

- **Convictions:** Note that convictions adjudicated in juvenile courts or convictions two years or older under Health and Safety Code sections 11357(b), (c), (d), (e) or section 11360(b) need not be reported. Convictions expunged or set aside pursuant to section 1203.4 of the California Penal Code or equivalent non-California law MUST be disclosed. If in doubt as to whether a conviction should be disclosed, it is best to disclose the conviction (see the Criminal Record History section on the Application).

A Form L3A-L3B must be submitted to each postgraduate training program for completion. The current program director must provide all of the required information and responses on the form, sign and date the form, and affix the hospital seal. If a hospital seal is not available, the program director must sign in the presence of a notary and the notary seal must be affixed. A “yes” response to any of the Unusual Circumstances questions on Form L3A requires a signed and dated letter of explanation from the current program director. **The completed Form L3A-L3B must be mailed directly from the program to the Board to be acceptable. Any letters of explanation must be provided on program letterhead, signed by the program director and mailed directly to the Board.**

License verification is required from each state or Canadian province in which you hold or have held a medical license. Verification of temporary, training, or provisional license(s) are not required. **The official license verification must be sent directly from the licensing authority to the Board.**
