

MEDICAL BOARD OF CALIFORNIA

DATE REPORT ISSUED: April 4, 2018
ATTENTION: Members, Medical Board of California
SUBJECT: Licensing Program Summary
STAFF CONTACT: April Alameda, Chief of Licensing

REQUESTED ACTION:

This report is intended to provide the Members with an update on the Licensing Program at the Medical Board of California (Board). No action is needed at this time.

PROGRAM UPDATE:

The Licensing Program continues to meet weekly goals and to ensure licenses are issued promptly. In the third quarter of fiscal year 2017/2018, the Licensing Program consistently met weekly goals with no overtime. After completing its procedures for the physician's and surgeon's application review, the Licensing Program updated and developed procedures for all other application types within the Licensing Program.

The Licensing Program's strategic goal for reviewing physician's and surgeon's license and postgraduate training authorization letter applications has remained under the 45-day review time since May of 2016. Licensing staff has continued to exceed this goal and has maintained a review time of 28 days since November of 2016. In addition, licensing staff continues to process all incoming mail within an average of seven days.

The Licensing Program is entering its busiest time of year, as residents who are training in California will require a medical license before the end of June. The management team will continue to be proactive in an effort to maintain all goals while meeting the needs of the applicants and the training programs. Similarly, the management team has established work groups to assess current forms and procedures in order to coordinate the transition and address the changes coming forth as a result of Senate Bill 798 (Hill, Statutes of 2017, Chapter 775), which change the requirement for postgraduate training from one or two years to three years.

A detailed listing of the Licensing Program's statistics is included following this report.

STAFFING:

The Licensing Program has recently hired a staff services manager II to oversee the staff services manager Is and a management services technician for the United States/Canada graduate application review for the Physician and Surgeon Licensing Unit.

The Licensing Program is actively recruiting for three positions: office technician for the Licensing Support Unit, and a program technician II and an associate governmental program analyst for the Consumer Information Unit (CIU).

Medical Board of California
Licensing Program Summary
April 4, 2018

CONSUMER INFORMATION UNIT:

The CIU continues to handle a heavy call volume while not being fully staffed due to vacancies. The number of calls answered this quarter increased from 15,988 to 17,084.

The Licensing Program is in the process of recruiting for an associate governmental program analyst (AGPA) to serve as the CIU lead. The lead will develop a two-way communication plan with phone staff regarding trending issues; review statistics to evaluate training needs, develop a training plan, provide training, and measure training effectiveness; develop and implement an optional end-of-call survey; and evaluate and update existing scripts. These tasks will help the Board achieve its strategic goal of reducing call wait times and improving the quality of customer service in CIU.

SPECIALTY BOARD APPLICATIONS:

The Board has two pending applications from specialty boards requesting approval by the Board.

INTERNATIONAL MEDICAL SCHOOLS:

The Licensing Program has four Self-Assessment Reports from schools seeking recognition pending. All four reports are with a medical consultant for review and recommendation. There were 82 schools pending recognition at the beginning of the third quarter. During the third quarter, 9 new recognition requests were received, and 5 schools were recognized. There are currently 86 schools pending recognition at the end of the third quarter.
