

MEDICAL BOARD STAFF REPORT

DATE REPORT ISSUED: January 11, 2017
ATTENTION: Members, Medical Board of California
SUBJECT: Administrative Summary
STAFF CONTACT: Kimberly Kirchmeyer, Executive Director

REQUESTED ACTION:

This report is intended to provide the Members with an update on the staffing, budget, and other administrative functions/projects occurring at the Medical Board of California (Board). No action is needed at this time.

Administrative Updates

Board staff has had several meetings with interested parties regarding the Board.

- Board staff held teleconference meetings with the Board's President and Vice President to discuss pending projects and the Board agendas.
- Regular meetings were held with Deputy Director Christine Lally of the Department of Consumer Affairs (DCA) and other DCA executive staff.
- Regular meetings continue to be held with Gloria Castro, Senior Assistant Attorney General.
- Regular meetings were held with David Chriss, Chief of Enforcement, and Kathleen Nicholls, Deputy Chief of Enforcement, Division of Investigation, Health Quality Investigation Unit, regarding the Board's investigations, staffing, and retention concerns.
- Board staff continues to meet with DCA and the Department of Justice (DOJ) to discuss the Controlled Substance Utilization Review and Evaluation System (CURES) database.
- Board staff met with the California Medical Association (CMA) on issues of interest to both parties. Dr. GnanaDev and Ms. Kirchmeyer attended the CMA Executive Committee meeting to provide an update on the Board, its priorities, and legislation.
- Board staff attended meetings with the California Department of Public Health (CDPH) and other entities regarding safe injection practices.
- Board staff attended meetings with the Psychotropic Medication Implementation (PMI) Workgroup, which is a workgroup to improve the safe and appropriate use of psychotropic medication for children and youth in foster care.
- Board staff met with legislative offices to provide updates, discuss pending legislation, and provide education on the Board's functions.
- Board staff met with staff from the California Primary Care Association (CPCA) regarding the role of the Board and its functions, particularly the licensing process.
- Board staff provided a presentation to CPCA's Clinician's Committee meeting on the Board's licensing process, CURES, and the Physician Health and Wellness Program.
- Board staff held a webinar for the CPCA entitled *Demystifying the Medical Board of California's Licensing Process*.
- Board staff met with an interested party regarding co-prescribing of naloxone.
- Board staff attended two National Governors' Association *Opioid State Action Network* call, which focused on state drug monitoring initiatives and the importance of information sharing between public health and law enforcement and the expansion of access to treatment for opioid use disorder in rural and other underserved areas.
- Dr. Bishop and Ms. Kirchmeyer provided a presentation on the opioid epidemic, CURES system and the Board's *Guidelines for Prescribing Controlled Substances for Pain* to physicians at the California Society of Interventional Pain Physicians.
- Board staff had a call with the Los Angeles County Department of Public Health (LAC-DPH) to discuss collaboration on issues of mutual interest, including providing information about the Board on the LAC-DPH website and sending information about the LAC-DPH to newly licensed physicians in the Los Angeles area.

- Board staff had several meetings with staff from the Department of Social Services to identify a process to obtain the medical records for foster care children who may have been inappropriately prescribed psychotropic medications.
- Staff from the Federation of State Medical Boards visited the Board. Board staff provided an overview of the licensing process and provided a tour of the Board office.
- Board staff provided a presentation on the End of Life Option Act at the 2016 National Elder and Dependent Adult Abuse Symposium hosted by the California District Attorneys Association.
- Board staff attended the Medical Education Exchange at the Anaheim MEDX Regional Conference and provided information on the Board's Expert Reviewer Program and answered questions from physicians.
- Board staff met several times with the California Research Bureau to receive an update on the demographic study.
- Board staff attended webinars and teleconferences with staff from the Federation of State Medical Boards.
- Board staff, Health Quality Investigation Unit staff, and staff from the Physician Assistant Board provided a presentation/training to the Department of Health Care Services (DHCS), Audits and Investigation Unit on the Board's enforcement process and methods to collaborate together on physician cases.
- Board staff met with representatives from the California Ambulatory Surgery Association to discuss changes to the adverse event reporting requirements.
- Board staff continues to meet with representatives from the CDPH, the Board of Pharmacy, Dental Board, the DHCS, DOJ, the Emergency Medical Services Authority, DCA, and other interested parties regarding prescription opioid misuse and overdose. The group is identifying ways all the entities can work together to educate prescribers, dispensers, and patients regarding this issue of serious concern.
- Board staff met with Dr. Yip, Enforcement Committee Chair, to review the Board's complaint process and letters sent to complainants.
- Board staff met with staff from the Drug Enforcement Administration (DEA) to discuss the Board's enforcement process and to identify ways to collaborate together on physician cases.

Staffing Update

The Board has 160.6 permanent full-time positions (in addition to temporary staff). The Board is at a 12% vacancy rate which equates to 20 vacant positions. This is significantly higher than the 7% vacancy rate that was provided in the last administrative summary due to several staff retirements at the end of the year. In addition, several vacant positions were filled with staff from the Board, therefore resulting in another vacancy. However, there are four individuals awaiting hiring clearance, which equates to a 10% vacancy rate. Management will be working to fill these positions as soon as possible.

Budget Update

The Board's budget documents are attached, beginning on page BRD 11A-5 and continuing to page BRD 11A-16. BRD 11A-5 is the Board's fund condition, which identifies the Board's fund reserve at 4.9 months at the end of FY 16/17. However, this reserve level is dependent upon the partial repayment of the Board's outstanding general fund loan in FY 16/17. If this loan were to not be repaid in this FY (as identified in BRD 11A-6), the Board's fund reserve would be at 3.7 months at the end of this FY.

With the full repayment of the outstanding loans, which are scheduled but have not taken place, and taking into consideration future anticipated costs, the Board's fund reserve is scheduled to be within its mandated level in FY 18/19. Board staff will be closely monitoring the Board's budget to determine whether future changes are needed. As indicated by both fund conditions, it would not be prudent at this time to consider any reduction in licensing fees as previously recommended by the Bureau of State Audits because the Board anticipates being within its mandatory level at the end of FY 18/19. In addition, the Board has future costs that could impact the Board's budget should they be approved.

The Board's budget change proposal (BCP) for two additional enforcement staff was approved by the administration and added to the Governor's Budget. This BCP will continue through the budget hearing process and hopefully be approved so the enforcement unit can hire two additional staff beginning July 1, 2017. The other BCP that was approved in the Governor's Budget was the position to implement SB 1177 (Galgiani, Chapter 591), which became effective January 1, 2017. This bill authorized the Board to implement a Physician Health and Wellness Program (Program). The Board has already hired this staff member, but this BCP will provide the funding and authority for the position. Once the Program is established, the fees for participation in this program, pursuant to the law, will fund this position and the administration of the Program.

The Board's overall actual expenditures for FY 16/17 through November 30, 2016, can be found on page BRD 11A-7. Pages BRD 11A-8 to 11A-12 provide the budget report, specifically for licensing, enforcement, the HQUI, and the AG expenditures. Page BRD 11A-16 provides the Board Members' expenditure report as of January 11, 2017.

BreEZe/License Lookup Update

Board staff continues to submit requests for changes/fixes to DCA for the BreEZe system. The DCA is currently working on a new license lookup system that will be more user-friendly. Board staff is assisting in the development of this system. This new system is scheduled to be released in Summer 2017.

Controlled Substance Utilization Review and Evaluation System (CURES) Update

The Board continues to work with DOJ to identify physicians who have not registered in the CURES system as required by law. Because of the information provided by the DEA to DOJ, it may not be possible to specifically identify those individuals. However, the Board would be able to identify all individuals not registered (whether or not they have a DEA) and reach out to them. The Board could send out notices via email for those who have an email on file with the Board, or send them a postcard notification.

As of December 15, 2016, there were 75,577 physicians registered in the CURES 2.0 system. There are additional physicians who are registered in CURES 1.0 that have not updated their information into the CURES 2.0, however, DOJ cannot identify how many registered in that system are physicians. In addition, between November 15 and December 15, 2016, physicians requested 207,384 patient activity reports from the CURES 2.0 system.

Business and Professions Code section 2198.6 requires the Board, to periodically develop and disseminate information and educational material regarding assessing a patient's risk of abusing or diverting controlled substances and information relating to CURES to each physician and general acute care hospital in California. The Board has to consult with the CDPH, other healing arts boards whose licensees can prescribe/dispense, and DOJ in developing the materials. In addition, Board staff determined that in light of the requirements in SB 482 (Lara, Chapter 708), which may become effective this year, and the questions currently being received by the Board, that education on CURES and its usage are needed. While the DOJ website contains information and videos, physicians may be unaware of this information. Therefore, Board staff held a meeting with all the necessary parties on January 6, 2017, to discuss what the education document could include and whether it would be specific to physicians only or general enough to be used for all prescribers. Board staff will take the lead on drafting this educational document. Board staff may also reach out to experts in this area to assist with the language for education on assessing a patient's risk of abusing or diverting controlled substances.

Finally, DOJ notified the Board that on March 5, 2017, CURES 1.0 will no longer be available to users. Previously, individuals who did not have a compliant browser were allowed to use CURES 1.0 instead of

CURES 2.0. A copy of the DOJ notification is found on page BRD 11D-1. The Board provided this information to interested parties and licensees, in addition to sending an email blast and a tweet.

Prescribing Psychotropic Medications to Foster Children

As previously stated, the Board's expert reviewer assigned to review the data on physicians who had prescribed three or more psychotropic medications for 90 days or more provided by DHCS and DSS identified numerous patients who may have been inappropriately prescribed psychotropic medications that needed further investigation. The next step in this process is for the Board to obtain authorization to request medical records for the patients identified. The Board has requested the assistance of the DHCS and the DSS in obtaining the medical records for these patients. Board staff had a teleconference with DSS staff on November 7, 2016. Based upon that call, it was determined that collaboration needed to also occur at the county level. Therefore, on November 21, 2016, Board staff had a call with DSS staff and with county representatives from the top five counties where the patients are located. At this time, Board staff is awaiting assistance from the DSS and counties to be able to identify who needs to be contacted to request authorization for the records and also a process to receive these records.

In addition, on November 18, 2016, Board staff met with staff from DHCS and DSS to discuss implementation of SB 1174 (McGuire, Chapter 840), which requires DHCS and DSS to continue to provide information to the Board on physicians who may be inappropriately prescribing psychotropic medication to foster care children. At this meeting, the Board's current data use agreement (DUA) was discussed. It was determined that the DUA could be amended to continue to obtain information under the DUA. Board staff revised the DUA and submitted it to DHCS and DSS for approval. DSS has approved the DUA, however, the Board is still awaiting approval from DHCS on the DUA. Once the DUA is approved, the Board will be receiving data for 2015, which will again be reviewed by the Board's expert.

Update on the Federation of State Medical Boards

On November 29, 2016, Kevin Caldwell and Jama Ball from the Federation of State Medical Boards (FSMB) visited the Board and met with Board management to discuss the FSMB and the Federation Credentials Verification Service (FCVS). Board staff provided Mr. Caldwell and Ms. Ball with a tour of the Licensing Unit and discussed the Board's licensure process. The goal of the meeting was to not only provide information on the Board's processes, but also identify ways where the FSMB and Board can find efficiencies in the FCVS process for California applicants.

Update on the Sunset Review Process

On November 30, 2017, the Board's Sunset Review Report was delivered to the Legislature and oversight agencies. The report was also posted on the Board's website. The Senate Business, Professions, and Economic Development and the Assembly Business and Professions Committee will review the document and provide a background paper on issues for the Board. It is anticipated that this paper will be received late January or February. Once that paper is received, Board staff will begin drafting responses to the issues. In addition, sunset review hearings are expected to be scheduled for late February or early March. The Board President and Vice President will testify on the Board's behalf.
