

## **MEDICAL BOARD OF CALIFORNIA**

DATE REPORT ISSUED: January 6, 2017  
ATTENTION: Members, Medical Board of California (Board)  
SUBJECT: Licensing Program Summary  
STAFF CONTACT: April Alameda, Staff Services Manager II

### PROGRAM UPDATE:

The Licensing Program has had several accomplishments in the first half of FY 2016/17. Although the Licensing Program continues to have some vacancies, work has been redistributed to other lead staff and management to continue to meet weekly goals. In addition, Board staff is training two students and an administrative staff person to ensure that all resources are available to continue to meet goals with little or no overtime. The program is in the process of evaluating all of its processes and is creating new procedures for all functions. As licensing management and staff progress through this process, they are evaluating the most efficient way to get the work accomplished in a timely manner. The program is now approaching the busiest time of the year, when residents training in California require a license before the end of June. The management team will continue to be proactive in an effort to continue to meet the needs of the applicants and maintain all goals.

The Licensing Program's strategic goal for reviewing initial Physician's and Surgeon's applications is within 45 calendar days of receipt by the Board. Licensing staff has continued to exceed this goal for the second quarter of FY 2016-17. During this quarter, the average number of days from receipt of the application to review was 28 days. In addition, staff continues to process all incoming mail within an average of 7 days.

The Licensing Program has issued 3,286 licenses for the first two quarters of FY 2016/17. This is an increase of 624 licenses compared to the same time period last fiscal year.

A detailed listing of the Licensing Program's statistics is included following this report.

### STAFFING:

The Licensing Program has hired two managers, Lisa Toof and Lynn Sterba effective December 1, 2016. Ms. Toof and Ms. Sterba have years of experience with the Board and will be an asset to the management team.

The Licensing Program is actively recruiting for 4 positions: 2 associate governmental program analysts (physician and surgeon licensing), 1 staff services analyst (international medical graduate application review) and 1 office technician (cashiering). The program expects to have all vacancies filled by the end of March.

### CONSUMER INFORMATION CENTER:

The Consumer Information Unit (CIU) is fully staffed with seven operators to answer calls and respond to requests from the public, consumers, organizations, applicants, and licensees. CIU staff has been working diligently on a comprehensive training manual to ensure staff is fully

trained and can answer each call efficiently and accurately. In addition, staff has been provided specific greeting scripts to ensure each caller receives professional customer service.

The average response time for a call has been significantly reduced to an average of 7.4 minutes this quarter compared to an average of 15.3 minutes last quarter, thereby reducing the average speed of answer time by more than half.

In addition, the abandoned calls have been significantly reduced from 6,111 last quarter to 3,065 this quarter, thereby reducing these by almost half.

#### SPECIALTY BOARD APPLICATIONS:

The Board has one pending application from a specialty board requesting approval by the Board.

#### INTERNATIONAL MEDICAL SCHOOLS:

The Licensing program has six Self-Assessment Reports pending. Specifically, three are pending initial review by staff, two reviews have been completed by staff and will be forwarded to a consultant by the end of January, and one report is with a consultant for review and a final report of his findings.

At a previous Board meeting, the Board authorized staff to conduct the site visit of the Medical University of the Americas. At this time, the Board is awaiting final approval from the appropriate control agencies to conduct the site visit in late Spring 2017.

The Board has completed the examination process to hire additional medical consultants to assist with the review of international medical schools that wish to be recognized in California. Staff has been notified by the Department of Consumer Affairs that there are two eligible candidates. Staff will hire these individuals as soon as possible. Additional medical consultants will be of great assistance to the Licensing Program and will allow it the opportunity to decrease the amount of time it currently takes to determine if an international medical school meets the Board's requirements.

#### OUTREACH:

The Licensing Outreach Manager has attended the following licensing workshops and when appropriate, residents from affiliated hospitals are invited to attend.

#### License Fairs / Resident Orientations

October 5: UCSF: 70 residents  
 October 13: Los Angeles Children's Hospital: 45 residents  
 October 18: Los Angeles Kaiser Permanente: 30 staff  
 October 19: Los Angeles Kaiser Permanente: 90 residents  
 October 25: Riverside Community Hospital (new teaching hospital): 15 staff and program directors  
 October 26: UC Riverside: 15 residents  
 Nov 2: Loma Linda: 75 residents
