

**MEDICAL BOARD STAFF REPORT**

DATE REPORT ISSUED: July 11, 2017  
 ATTENTION: Members, Medical Board of California  
 SUBJECT: Administrative Summary  
 STAFF CONTACT: Kimberly Kirchmeyer, Executive Director

**REQUESTED ACTION:**

This report is intended to provide the Members with an update on the staffing, budget, and other administrative functions/projects occurring at the Medical Board of California (Board). No action is needed at this time.

**Administrative Updates**

Board staff has had several meetings with interested parties regarding the Board.

- Board staff held teleconference meetings with the Board's President and Vice President to discuss pending projects, sunset review process, and the Board agendas.
- Regular meetings were held with Chief Deputy Director Jeffrey Mason and Deputy Director Christine Lally of the Department of Consumer Affairs (DCA) and other DCA executive staff.
- Regular meetings continue to be held with Gloria Castro, Senior Assistant Attorney General.
- Meetings were held with David Chriss, Chief of Enforcement, and Kathleen Nicholls, Deputy Chief of Enforcement, Division of Investigation, Health Quality Investigation Unit (HQIU), regarding the Board's investigations.
- Board staff continues to meet with DCA and the Department of Justice (DOJ) to discuss the Controlled Substance Utilization Review and Evaluation System (CURES) database.
- Board staff attended meetings with the Psychotropic Medication Implementation (PMI) Workgroup, which is a workgroup to improve the safe and appropriate use of psychotropic medication for children and youth in foster care.
- Board staff met with legislative offices to discuss the Board's sunset legislation, provide updates, discuss other pending legislation, and provide education on the Board's functions.
- Board staff met with Graduate Medical Education Directors from the UC system to discuss postgraduate training and other licensing related issues.
- Board staff attended webinars and teleconferences with staff from the Federation of State Medical Boards and the International Association of Medical Regulatory Authorities.
- Board staff provided a presentation at the Physicians' Well-Being Conference on the Board's enforcement process and the physician health and wellness program implementation process.
- Board staff provided a presentation at the California Association of Medical Staff Services Annual Education Forum.
- Board Secretary and Board staff provided a presentation at Loma Linda University on the Board's enforcement process.
- Board staff and representatives from the Attorney General's Office and HQIU met with the Enforcement Committee Chair to discuss the Board's enforcement process and to identify improvements.
- Board staff provided a presentation to the California Conference of Local Health Officers on the Board's enforcement process.
- Board staff continues to meet with representatives from the CDPH, the Board of Pharmacy, Dental Board, the DHCS, DOJ, the Emergency Medical Services Authority, DCA, and other interested parties regarding prescription opioid misuse and overdose. The group is identifying ways all the entities can work together to educate prescribers, dispensers, and patients regarding this issue of serious concern.

**Staffing Update**

The Board has 163.6 permanent full-time positions (in addition to temporary staff). The Board is at an 11% vacancy rate which equates to 18 vacant positions. This is higher than the 9% vacancy rate that was

provided in the last administrative summary. However, there are three individuals who are going through the eligibility process, which would reduce the vacancy rate to 9%. Management will be working to fill these positions as soon as possible.

#### Budget Update

The Board's budget documents are attached, beginning on page BRD 20A-4 and continuing to page BRD 20A-16. BRD 20A-4 contains an excerpt of the budget that was signed by the Governor, which specifically identifies the Board's budget for FY 17-18. Included in the FY 17-18 budget are four budget change proposals (BCP) that were approved, which impact the Board. The first BCP is to add two additional enforcement staff in the Central Complaint Unit. The funding for these positions is \$187,000 for FY 17-18 and \$161,000 in going fiscal years. The second BCP is to implement the Board's Physician Health and Wellness Program pursuant to SB 1177 (Galgiani, Chapter 591), which was approved for \$114,000 in FY 17-18 and \$356,000 in ongoing fiscal years. The third and fourth BCPs were submitted by the DCA and were for \$132,000 for the DCA's SOLID unit and \$2.235 million for the BreZE database. The BreZE BCP also included funding for FY 18-19 and FY 19-20.

BRD 20A-5 is the Board's fund condition, which identifies the Board's fund reserve at 4.8 months at the end of FY 16-17. The Board is awaiting confirmation that its \$6 million outstanding loan was repaid in FY 16-17.

With the full repayment of the outstanding loans, which are scheduled but have not taken place, and taking into consideration future anticipated costs, the Board's fund reserve is scheduled to be within its mandated level in FY 18-19. Board staff will be closely monitoring the Board's budget to determine whether future changes are needed. As indicated by both fund conditions, it would not be prudent at this time to consider any reduction in licensing fees as previously recommended by the Bureau of State Audits because the Board anticipates being within its mandatory level at the end of FY 18-19. In addition, the Board has future costs that could impact the Board's budget should they be approved.

The Board's overall actual expenditures for FY 16-17 through May 31, 2017, can be found on page BRD 20A-7. Pages BRD 20A-8 to 20A-12 provide the budget report, specifically for licensing, enforcement, the HQIU, and the AG expenditures. Page BRD 20A-16 provides the Board Members' expenditure report as of July 11, 2017.

#### BreZE/License Lookup Update

Board staff continues to submit requests for changes/fixes to DCA for the BreZE system. The DCA is currently working on a new license lookup system that will be more user-friendly. Board staff is assisting in the development of this system. In addition, Board staff will begin testing for this new system in July. This new system is scheduled to be released in September 2017.

#### Controlled Substance Utilization Review and Evaluation System (CURES) Update

As of June 15, 2017, there were 91,407 physicians registered in the CURES 2.0 system. In addition, between May 15 and June 15, 2017, physicians requested 264,673 patient activity reports from the CURES 2.0 system.

Board staff are working on a pamphlet for physicians regarding the use of CURES. This would provide information on how to use the CURES 2.0 system and what to do with the information once a CURES query has been completed. Board staff will work with subject matter experts and other stakeholders to provide this educational document.

Prescribing Psychotropic Medications to Foster Children

The Board continues to have telephone conferences with staff from the DSS and the counties to identify a means to obtain the patient medical records in order for the Board to investigate the physician who may be inappropriately prescribing to foster care children. Without the authorization for the medical records, the Board cannot move forward with investigating these matters.

Update on the Federation of State Medical Boards

On July 6, 2017, the Federation of State Medical Boards (FSMB) released a comprehensive summary and recommendations from a summit meeting it hosted to discuss how diverse organizations compile and share information about health care practitioners – including unprofessional conduct and disciplinary issues – and how such information could be better utilized to protect the public. A copy of that report can be found on pages BRD 20G-1 to 15.

End of Life Option Act

On June 27, 2017, The California Department of Public Health (CDPH) released the 2016 End of Life Option Act (Act) first Annual Report. The Act required CDPH to provide annual reports, including information on the number of prescriptions written and the number of known individuals who died using aid-in-dying drugs. Additionally, the report includes demographic information on these individuals, including age and underlying illness. A copy of that report can be found on pages BRD 20A 17-23.

Item

1111-001-0755—For support of Medical Board of California,  
payable from the Licensed Midwifery Fund ..... 13,000

Schedule:

1) 1150038-Licensed Midwifery Program ..... 13,000

Provisions:

1. The amount appropriated in this item may include revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.

1111-001-0757—For support of California Architects Board,  
payable from the California Architects Board-Landscape  
Architects Fund .....  
986,000

Schedule:

1) 1105020-Landscape Architects Technical Committee .. 987,000  
2) Reimbursements to 1105020-Landscape Architects  
Technical Committee ..... -1,000

Provisions:

1. The amount appropriated in this item may include revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.

1111-001-0758—For support of Medical Board of California  
payable from the Contingent Fund of the Medical Board  
of California ..... 60,399,000

Schedule:

1) 1150019-Medical Board of California—Support ..... 61,621,000  
2) 1150013-Medical Board of California—Distributed ..... -838,000  
(3) Reimbursements to 1150019-Medical Board of  
California—Support ..... -384,000

Provisions:

1. The amount appropriated in this item may include revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.

NOTES:

- A. Assumes workload and revenue projections are realized for FY 16/17 and beyond.
- B. Interest on fund estimated at .382%.
- C. \$6 million was loaned to the General Fund in FY 08/09 and \$9 million was loaned to the General Fund by the Board in FY 11/12.  
\$6 million will be repaid in FY 16/17 and \$9 million in FY 17/18. If partial payment is made, the remainder will be paid when the fund is nearing its minimum mandated level.
- D. The Financial Information System for California is a direct assessment which reduces the fund balance but is not reflected in the Medical Board of California's state operational budget.
- E. Unscheduled reimbursements result in a net increase in the fund balance.

Contact: [EOLInfo@cdph.ca.gov](mailto:EOLInfo@cdph.ca.gov)

## Executive Summary

California's End of Life Option Act (EOLA) became effective on June 9, 2016. The Act allows terminally ill adults living in California to obtain and self-administer aid-in-dying drugs.<sup>1</sup> The Act requires the California Department of Public Health (CDPH) to provide annual reports under strict privacy requirements. CDPH's reporting requirements are outlined in Health and Safety Code section 443.19 (b), which reads:

*(b) On or before July 1, 2017, and each year thereafter, based on the information collected in the previous year, the department shall create a report with the information collected from the attending physician followup form and post that report to its Internet Web site. The report shall include, but not be limited to, all of the following based on the information that is provided to the department and on the department's access to vital statistics:*

*(1) The number of people for whom an aid-in-dying prescription was written.*

*(2) The number of known individuals who died each year for whom aid-in-dying prescriptions were written, and the cause of death of those individuals.*

*(3) For the period commencing January 1, 2016, to and including the previous year, cumulatively, the total number of aid-in-dying prescriptions written, the number of people who died due to use of aid-in-dying drugs, and the number of those people who died who were enrolled in hospice or other palliative care programs at the time of death.*

*(4) The number of known deaths in California from using aid-in-dying drugs per 10,000 deaths in California.*

*(5) The number of physicians who wrote prescriptions for aid-in-dying drugs.*

*(6) Of people who died due to using an aid-in-dying drug, demographic percentages organized by the following characteristics:*

*(A) Age at death.*

*(B) Education level.*

*(C) Race.*

*(D) Sex.*

*(E) Type of insurance, including whether or not they had insurance.*

*(F) Underlying illness.*

This report presents data as reported to CDPH from the EOLA-mandated physician reporting forms received between June 9, 2016, and December 31, 2016, and reflects information on individuals who were prescribed aid-in-dying drugs in 2016. The information collected has been aggregated to protect the privacy of the individuals. Subsequent annual reports will encompass 12 months of data.

For the partial year ending December 31, 2016, 191 individuals received prescriptions under EOLA. 111 individuals died following their ingestion of the prescribed aid-in-dying drug(s). Of the 111 individuals,

---

<sup>1</sup> Assembly Bill x2 15 (Eggman), Chapter 1, Statutes of 2015.

87.4 percent were 60 years of age or older, 96.4 percent had health insurance, and 83.8 percent were receiving hospice and/or palliative care. As this report covers only six-months of data, caution should be exercised in drawing conclusions based on the numbers reported.

### **Introduction**

The EOLA allows an adult diagnosed with a terminal disease, who meets certain qualifications, to request an aid-in-dying drug from a physician. The Act requires physicians to use forms specified in statute for submitting information to CDPH. CDPH is responsible for collecting data from these forms, and preparing an annual report. Data presented in this report is based on the information contained in physicians' forms and California death certificates as of December 31, 2016.

More information on the Act, reporting process, and required forms can be found here:

<https://www.cdph.ca.gov/Programs/CHSI/Pages/End-of-Life-Option-Act.aspx>.

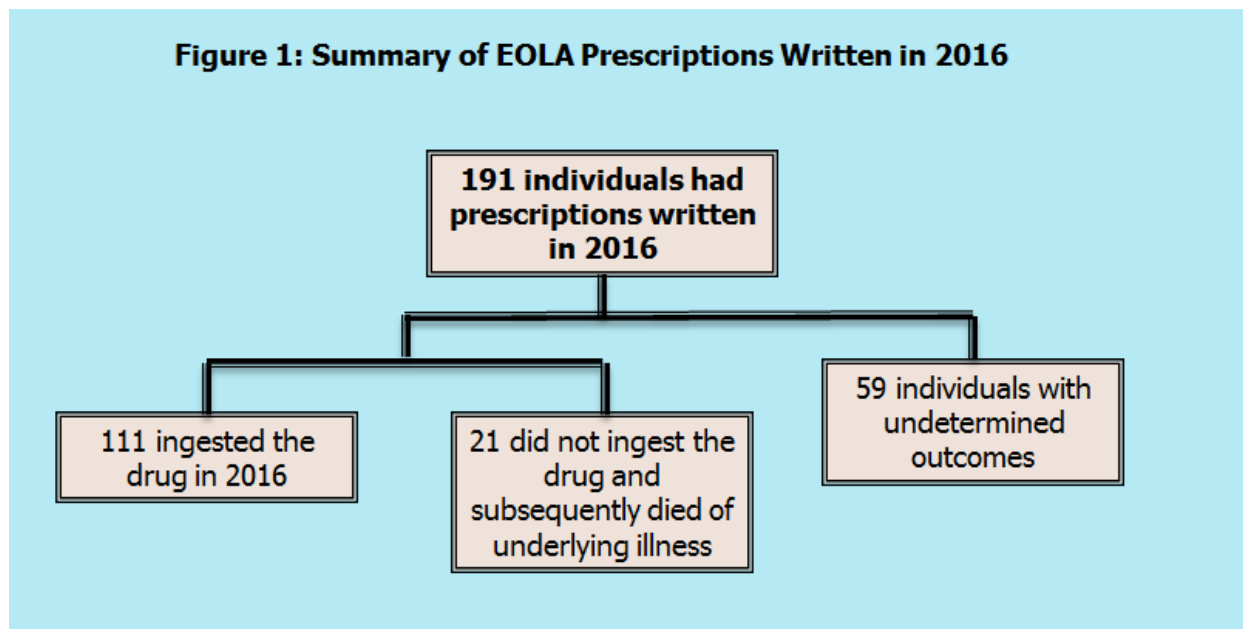

### **Participation in the End-of-Life Option Activities**

From June 9, 2016 through December 31, 2016, 258 individuals started the end-of-life option process, as set forth in the Act, by making two verbal requests to their physicians at least 15 days apart. 173 unique physicians prescribed 191 individuals aid-in-dying drugs. Of the 191 individuals who were prescribed such drugs, 111, or 58.1 percent, were reported by their physician to have died following ingestion of aid-in-dying drugs prescribed under EOLA; and 21 individuals, or 11.0 percent, died without ingestion of the prescribed aid-in-dying drug(s). The outcome of the remaining 59 individuals, or 30.9 percent, who have been prescribed aid-in-dying drugs, is currently undetermined as there has been no outcome reported for these individuals within the time period covered by this report. A chart illustrating the outcomes is provided on the next page as Figure 1.

The rate for those who died following ingestion of aid-in-dying drugs was 6.06 per 10,000 total deaths<sup>2</sup> based on 183,265 deaths in California from June 9, 2016 to December 31, 2016.

---

<sup>2</sup> This rate does not include any deaths following the ingestion of prescribed drugs after December 31, 2016. Total deaths in California include only those deaths that occurred from 00:00 hours June 9, 2016, to 23:59 December 31, 2016, and is not based on all deaths occurring in California in 2016.

**Figure 1: Summary of EOLA Prescriptions Written in 2016**

### Characteristics of Individuals

Of the 111 individuals who died pursuant to EOLA during 2016, 12.6 percent were under 60 years of age, 75.6 percent were 60-89 years of age, and 11.7 percent were 90 years of age and older. The median age was 73 years. At the time of death, the decedents were 89.5 percent white, 54.1 percent were female; 83.8 percent were receiving hospice and/or palliative care, and 72.1 percent had at least some level of college education. A summary of this information is set forth in Table 1.

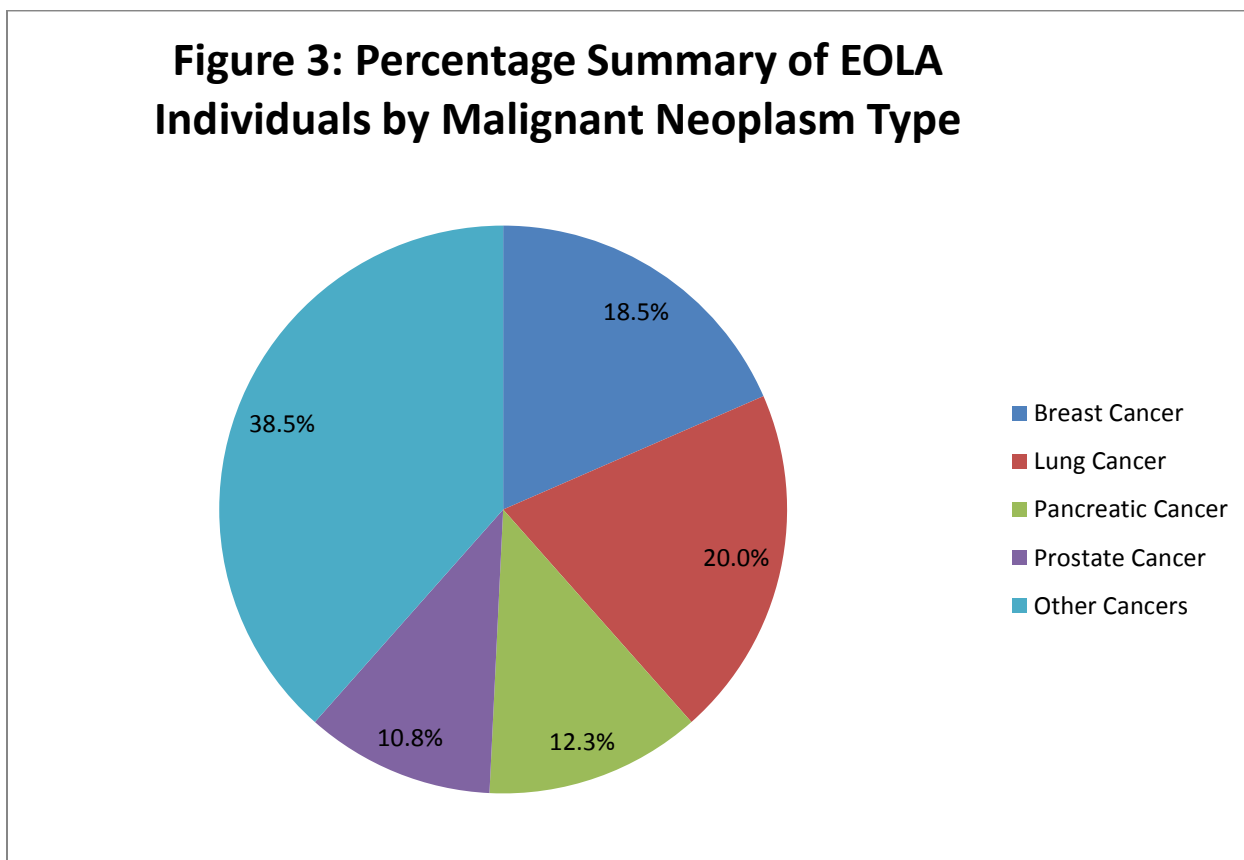

Of the 111 individuals who died pursuant to EOLA during 2016, the majority, or 58.6 percent, of their underlying illnesses, were identified as malignant neoplasms (cancer). Neuromuscular disorders such as ALS<sup>3</sup> and Parkinson's accounted for the second largest underlying illness grouping, totaling 18.0 percent. The remaining major categories of underlying illnesses were documented as: heart disease (8.1 percent), lung respiratory diseases (non-cancer) with 6.3 percent, and other underlying illnesses (9.0 percent). This data is presented below in Figure 2.

Certifiers (physicians, coroners, and medical examiners) report the underlying terminal disease as the cause of death on the death certificates. This approach complies with applicable law; best ensures the reliability and usefulness of data collected from the death certificate for state, national, and international surveillance purposes; and effectuates the California Legislature's intent to maintain the confidentiality of individuals' participation in the Act.

<sup>3</sup> Amyotrophic Lateral Sclerosis.

Among those with malignant cancer as the underlying terminal disease – the largest group of individuals who utilized the Act – lung cancer accounted for 20.0 percent, breast cancer accounted for 18.5 percent, pancreatic cancer comprised 12.3 percent, and 10.8 percent had prostate cancer. Other malignant neoplasms accounted for the remaining 38.5 percent, as shown below in Figure 3.

Most of the individuals who participated in EOLA had some form of health insurance. Medicare and/or Medi-Cal accounted for 56.8 percent of individuals, followed by public/private insurance at 30.6 percent. Ten individuals, or 9.0 percent, had undetermined health insurance coverage.
