MEDICAL BOARD OF CALIFORNIA
LEGISLATIVE ANALYSIS

Bill Number: SB 563
Author: Pan
Bill Date: January 4, 2016, Amended
Subject: Workers' Compensation: Utilization Review
Sponsor: California Medical Association (CMA)

DESCRIPTION OF CURRENT LEGISLATION:

This bill would ensure that physicians involved in authorizing injured worker medical care on behalf of the employer and/or payor are not being inappropriately incentivized to modify, delay, or deny requests for medically necessary services.

BACKGROUND

In California's workers' compensation system, an employer or insurer cannot deny treatment. When an employer or insurer receives a request for medical treatment, the employer or insurer can either approve the treatment or, if the employer or insurer believes that a physician's request for treatment is medically unnecessary or harmful, the employer or insurer must send the request to utilization review (UR). UR is the process used by employers or claims administrators to review medical treatment requested for the injured worker, to determine if the proposed treatment is medically necessary. UR is used to decide whether or not to approve medical treatment recommended by a treating physician. In California, the Department of Industrial Relations, Division of Workers' Compensation, does not require physicians performing UR to be licensed in California.

In April 2013, the Medical Board of California (Board) reaffirmed that engaging in UR is the practice of medicine and that the Board will not automatically deem UR complaints as non-jurisdictional; the Board will review UR complaints against California-licensed physicians to determine if a quality of care issue is present, and if so, the complaint will undergo the normal complaint review process.

ANALYSIS

This bill would prohibit an employer, or any entity conducting UR on behalf of an employer, from providing any financial incentive or consideration to a physician based on the number of modifications, delays, or denials made by the physician. This bill would give the administrative director the authority to review any compensation agreement, payment schedule, or contract between the employer, or any entity conducting UR on behalf of the employer, and the UR physician.

According to the sponsor, this bill would increase transparency and accountability within the workers' compensation UR process. There is currently no explicit prohibition in law related to UR to ensure that a physician's judgment for medical necessity is not compromised by financial incentives. This bill will promote the Board's mission of consumer protection and staff recommends that the Board take a support position on this bill.

FISCAL: None to the Board

SUPPORT: California Medical Association (sponsor)
California Labor Federation, AFL-CIO
California Orthopedic Association

OPPOSITION: None on file

POSITION: Recommendation: Support

AMENDED IN SENATE JANUARY 4, 2016

AMENDED IN SENATE APRIL 30, 2015

AMENDED IN SENATE APRIL 13, 2015

SENATE BILL

No. 563

Introduced by Senator Pan

February 26, 2015

An act to amend Section 4610 of, and to add Section 4610.2 to, of the Labor Code, relating to workers' compensation.

LEGISLATIVE COUNSEL'S DIGEST

SB 563, as amended, Pan. Workers' compensation: utilization review.

Existing law requires every employer, for purposes of workers' compensation, to establish a utilization review process to prospectively, retrospectively, or concurrently review requests by physicians for authorization to provide recommended medical treatment to injured employees. Existing law establishes timeframes for an employer to make a determination regarding a physician's request. Existing law requires the utilization review process to be governed by written policies and procedures, and requires that these policies and procedures be filed with the Administrative Director of the Division of Workers' Compensation and disclosed by the employer to employees, physicians, and the public upon request.

~~This bill would require that the method of compensation, and any incentive payments contingent upon the approval, modification, or denial of a claim, for an individual or entity providing services pursuant to the utilization review process, as specified, be filed with the administrative director and disclosed by the employer to employees, physicians, and the public upon request. The bill would exempt a request~~

for medical treatment by a physician to cure or relieve an injured worker from the effect of an industrial injury from these requirements if the request meets specified conditions, including that a final award of permanent disability made by the appeals board specifies the provision of future medical treatment and that the request for medical treatment is for medical treatment that is specified by the award. The bill would also include a statement of legislative intent: *prohibit the employer, or any entity conducting utilization review on behalf of the employer, from offering or providing any financial incentive or consideration to a physician based on the number of modifications, delays, or denials made by the physician. The bill would grant the administrative director authority pursuant to this provision to review any compensation agreement, payment schedule, or contract between the employer, or any entity conducting utilization review on behalf of the employer, and the utilization review physician.*

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~-yes.
 State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 4610 of the Labor Code is amended to
- 2 read:
- 3 4610. (a) For purposes of this section, “utilization review”
- 4 means utilization review or utilization management functions that
- 5 prospectively, retrospectively, or concurrently review and approve,
- 6 modify, delay, or deny, based in whole or in part on medical
- 7 necessity to cure and relieve, treatment recommendations by
- 8 physicians, as defined in Section 3209.3, prior to, retrospectively,
- 9 or concurrent with the provision of medical treatment services
- 10 pursuant to Section 4600.
- 11 (b) Every employer shall establish a utilization review process
- 12 in compliance with this section, either directly or through its insurer
- 13 or an entity with which an employer or insurer contracts for these
- 14 services.
- 15 (c) Each utilization review process shall be governed by written
- 16 policies and procedures. These policies and procedures shall ensure
- 17 that decisions based on the medical necessity to cure and relieve
- 18 of proposed medical treatment services are consistent with the
- 19 schedule for medical treatment utilization adopted pursuant to
- 20 Section 5307.27. These policies and procedures, and a description

1 of the utilization process, shall be filed with the administrative
2 director and shall be disclosed by the employer to employees,
3 physicians, and the public upon request.

4 (d) If an employer, insurer, or other entity subject to this section
5 requests medical information from a physician in order to
6 determine whether to approve, modify, delay, or deny requests for
7 authorization, the employer shall request only the information
8 reasonably necessary to make the determination. The employer,
9 insurer, or other entity shall employ or designate a medical director
10 who holds an unrestricted license to practice medicine in this state
11 issued pursuant to Section 2050 or Section 2450 of the Business
12 and Professions Code. The medical director shall ensure that the
13 process by which the employer or other entity reviews and
14 approves, modifies, delays, or denies requests by physicians prior
15 to, retrospectively, or concurrent with the provision of medical
16 treatment services, complies with the requirements of this section.
17 Nothing in this section shall be construed as restricting the existing
18 authority of the Medical Board of California.

19 (e) No person other than a licensed physician who is competent
20 to evaluate the specific clinical issues involved in the medical
21 treatment services, and where these services are within the scope
22 of the physician's practice, requested by the physician may modify,
23 delay, or deny requests for authorization of medical treatment for
24 reasons of medical necessity to cure and relieve. *The employer, or
25 any entity conducting utilization review on behalf of the employer,
26 shall neither offer nor provide any financial incentive or
27 consideration to a physician based on the number of modifications,
28 delays, or denials made by the physician under this section. The
29 administrative director has authority pursuant to this section to
30 review any compensation agreement, payment schedule, or contract
31 between the employer, or any entity conducting utilization review
32 on behalf of the employer, and the utilization review physician.*

33 (f) The criteria or guidelines used in the utilization review
34 process to determine whether to approve, modify, delay, or deny
35 medical treatment services shall be all of the following:

36 (1) Developed with involvement from actively practicing
37 physicians.

38 (2) Consistent with the schedule for medical treatment utilization
39 adopted pursuant to Section 5307.27.

40 (3) Evaluated at least annually, and updated if necessary.

1 (4) Disclosed to the physician and the employee, if used as the
2 basis of a decision to modify, delay, or deny services in a specified
3 case under review.

4 (5) Available to the public upon request. An employer shall
5 only be required to disclose the criteria or guidelines for the
6 specific procedures or conditions requested. An employer may
7 charge members of the public reasonable copying and postage
8 expenses related to disclosing criteria or guidelines pursuant to
9 this paragraph. Criteria or guidelines may also be made available
10 through electronic means. No charge shall be required for an
11 employee whose physician's request for medical treatment services
12 is under review.

13 (g) In determining whether to approve, modify, delay, or deny
14 requests by physicians prior to, retrospectively, or concurrent with
15 the provisions of medical treatment services to employees all of
16 the following requirements shall be met:

17 (1) Prospective or concurrent decisions shall be made in a timely
18 fashion that is appropriate for the nature of the employee's
19 condition, not to exceed five working days from the receipt of the
20 information reasonably necessary to make the determination, but
21 in no event more than 14 days from the date of the medical
22 treatment recommendation by the physician. In cases where the
23 review is retrospective, a decision resulting in denial of all or part
24 of the medical treatment service shall be communicated to the
25 individual who received services, or to the individual's designee,
26 within 30 days of receipt of information that is reasonably
27 necessary to make this determination. If payment for a medical
28 treatment service is made within the time prescribed by Section
29 4603.2, a retrospective decision to approve the service need not
30 otherwise be communicated.

31 (2) When the employee's condition is such that the employee
32 faces an imminent and serious threat to his or her health, including,
33 but not limited to, the potential loss of life, limb, or other major
34 bodily function, or the normal timeframe for the decisionmaking
35 process, as described in paragraph (1), would be detrimental to the
36 employee's life or health or could jeopardize the employee's ability
37 to regain maximum function, decisions to approve, modify, delay,
38 or deny requests by physicians prior to, or concurrent with, the
39 provision of medical treatment services to employees shall be made
40 in a timely fashion that is appropriate for the nature of the

1 employee's condition, but not to exceed 72 hours after the receipt
2 of the information reasonably necessary to make the determination.

3 (3) (A) Decisions to approve, modify, delay, or deny requests
4 by physicians for authorization prior to, or concurrent with, the
5 provision of medical treatment services to employees shall be
6 communicated to the requesting physician within 24 hours of the
7 decision. Decisions resulting in modification, delay, or denial of
8 all or part of the requested health care service shall be
9 communicated to physicians initially by telephone or facsimile,
10 and to the physician and employee in writing within 24 hours for
11 concurrent review, or within two business days of the decision for
12 prospective review, as prescribed by the administrative director.
13 If the request is not approved in full, disputes shall be resolved in
14 accordance with Section 4610.5, if applicable, or otherwise in
15 accordance with Section 4062.

16 (B) In the case of concurrent review, medical care shall not be
17 discontinued until the employee's physician has been notified of
18 the decision and a care plan has been agreed upon by the physician
19 that is appropriate for the medical needs of the employee. Medical
20 care provided during a concurrent review shall be care that is
21 medically necessary to cure and relieve, and an insurer or
22 self-insured employer shall only be liable for those services
23 determined medically necessary to cure and relieve. If the insurer
24 or self-insured employer disputes whether or not one or more
25 services offered concurrently with a utilization review were
26 medically necessary to cure and relieve, the dispute shall be
27 resolved pursuant to Section 4610.5, if applicable, or otherwise
28 pursuant to Section 4062. Any compromise between the parties
29 that an insurer or self-insured employer believes may result in
30 payment for services that were not medically necessary to cure
31 and relieve shall be reported by the insurer or the self-insured
32 employer to the licensing board of the provider or providers who
33 received the payments, in a manner set forth by the respective
34 board and in such a way as to minimize reporting costs both to the
35 board and to the insurer or self-insured employer, for evaluation
36 as to possible violations of the statutes governing appropriate
37 professional practices. No fees shall be levied upon insurers or
38 self-insured employers making reports required by this section.

39 (4) Communications regarding decisions to approve requests
40 by physicians shall specify the specific medical treatment service

1 approved. Responses regarding decisions to modify, delay, or deny
2 medical treatment services requested by physicians shall include
3 a clear and concise explanation of the reasons for the employer's
4 decision, a description of the criteria or guidelines used, and the
5 clinical reasons for the decisions regarding medical necessity. If
6 a utilization review decision to deny or delay a medical service is
7 due to incomplete or insufficient information, the decision shall
8 specify the reason for the decision and specify the information that
9 is needed.

10 (5) If the employer, insurer, or other entity cannot make a
11 decision within the timeframes specified in paragraph (1) or (2)
12 because the employer or other entity is not in receipt of all of the
13 information reasonably necessary and requested, because the
14 employer requires consultation by an expert reviewer, or because
15 the employer has asked that an additional examination or test be
16 performed upon the employee that is reasonable and consistent
17 with good medical practice, the employer shall immediately notify
18 the physician and the employee, in writing, that the employer
19 cannot make a decision within the required timeframe, and specify
20 the information requested but not received, the expert reviewer to
21 be consulted, or the additional examinations or tests required. The
22 employer shall also notify the physician and employee of the
23 anticipated date on which a decision may be rendered. Upon receipt
24 of all information reasonably necessary and requested by the
25 employer, the employer shall approve, modify, or deny the request
26 for authorization within the timeframes specified in paragraph (1)
27 or (2).

28 (6) A utilization review decision to modify, delay, or deny a
29 treatment recommendation shall remain effective for 12 months
30 from the date of the decision without further action by the employer
31 with regard to any further recommendation by the same physician
32 for the same treatment unless the further recommendation is
33 supported by a documented change in the facts material to the
34 basis of the utilization review decision.

35 (7) Utilization review of a treatment recommendation shall not
36 be required while the employer is disputing liability for injury or
37 treatment of the condition for which treatment is recommended
38 pursuant to Section 4062.

39 (8) If utilization review is deferred pursuant to paragraph (7),
40 and it is finally determined that the employer is liable for treatment

1 of the condition for which treatment is recommended, the time for
 2 the employer to conduct retrospective utilization review in
 3 accordance with paragraph (1) shall begin on the date the
 4 determination of the employer’s liability becomes final, and the
 5 time for the employer to conduct prospective utilization review
 6 shall commence from the date of the employer’s receipt of a
 7 treatment recommendation after the determination of the
 8 employer’s liability.

9 (h) Every employer, insurer, or other entity subject to this section
 10 shall maintain telephone access for physicians to request
 11 authorization for health care services.

12 (i) If the administrative director determines that the employer,
 13 insurer, or other entity subject to this section has failed to meet
 14 any of the timeframes in this section, or has failed to meet any
 15 other requirement of this section, the administrative director may
 16 assess, by order, administrative penalties for each failure. A
 17 proceeding for the issuance of an order assessing administrative
 18 penalties shall be subject to appropriate notice to, and an
 19 opportunity for a hearing with regard to, the person affected. The
 20 administrative penalties shall not be deemed to be an exclusive
 21 remedy for the administrative director. These penalties shall be
 22 deposited in the Workers’ Compensation Administration Revolving
 23 Fund.

24
 25
 26 **All matter omitted in this version of the bill**
