Dr. Salomonson was a woman with enormous capabilities, a giant heart, and someone who has contributed tremendously to the Board and her patients.

Agenda Item 2 Public Comment on Items Not on the Agenda

Karen Ehrlich, Midwifery Advisory Council, stated that she is thrilled with the passage of AB 1308 and thanked the Board for the help in getting it passed through the Legislature. It was brought to her attention that at some point during the past year, as the bill was going through the legislative process, an Executive Committee discussed some of the provisions in that bill. When that discussion took place, there was no licensed midwife in the room and she feels that if there had been a licensed midwife present, the Board would have had more accurate information. She asked that the Board do everything they can to be sure there is a licensed midwife in the room to fill in any gaps in the discussion.

Agenda Item 3 Approval of Minutes from April 5, 2013 Meeting

Ms. Yaroslavsky made a motion to approve the meeting minutes from the April 5, 2013 meeting; s/Mr. Serrano Sewell. Motion carried.

Agenda Item 4 Discussion on and Approval of Revisions to the Strategic Plan, Goals, and Objectives – Dr. Levine/Mr. Roy

Dr. Levine stated the Board had adopted the Strategic Plan back in early 2012, the same year that the Sunset Review Report was completed. Since the completion of that report, the Board felt that the Strategic Plan needed to be reviewed again to make certain that it is line with what Members feel are the current important goals and objectives of the Board and where the Board ought to be spending its time. It is important that the plan capture what the Board's intent is and communicate to all stakeholders and constituents where the Board's resources will be used. The determination was made after working with the Department of Consumer Affairs (DCA) that the plan should not capture items that are within the scope of normal operation of the Board.

Dr. Levine met with Ms. Kirchmeyer to discuss a proposal to review the plan. Mr. Tagami and Dr. Levine worked as the Operational Effectiveness Committee to bring forward revisions to the Committee. They sought consultation with Mr. Tom Roy, DCA, who will be leading the Board through the process. Mr. Roy has been with the DCA since 2010 and has facilitated successful planning and implementation of over 20 strategic plans for a variety of boards, bureaus and programs within State Government. Mr. Roy will walk the Board through the revisions and lead them through the thinking and process behind creation of a strategic plan that accurately reflects the goals and objectives of the Board.

Mr. Roy thanked the Committee for inviting him to join the meeting today. He stated that he met with Ms. Kirchmeyer to discuss what the Board needed and then met with the Operational Effectiveness Committee to discuss augmentations to the Board's Strategic Plan, as well as review staff's suggestions and edits. Today will consist of reviewing the action statements and after each objective, discuss any areas that may be missing and need to be added or modified. In addition, the Committee will assign a priority to each. It is very important in strategic planning to determine what objectives need to be accomplished first. After this is completed, the next steps will involve working with staff to determine the specific actions that will accomplish the overall objectives. Following that, a final plan will be delivered to the Board at the February 2014 Board Meeting.

Mr. Roy went through each new goal and objective and asked Committee Members for their thoughts and input on any additional changes they feel should be included and/or made. The outcome of these discussions is as follows (changes were made to the documents that were presented in the Board packet, which in turn changed the objective numbers as shown in the presentation):

- Approved the six goals as recommended by the Operational Effectiveness Committee.
- Goal 1: Approved additions/deletions to objectives as recommended by the Operational Effectiveness Committee with the following additional edits:

- Goal 5: Approved additions/deletions to objectives as recommended by Operational Effectiveness Committee with the following additional edits:

 - Objective 5.3 (5.4 in packet): gave the objective a medium priority with a #4 standing
 - Objective 5.4 (5.6 in packet): added the words “and Board Member attendance at staff meetings” at the end of the objective; gave the objective a medium priority with a #3 standing

- Goal 6: Approved additions/deletions to objective as recommended by Operational Effectiveness Committee with the following priorities/standings:
 - Objective 6.1: gave the objective a high priority with a #1 standing

Mr. Roy stated that the next steps will be to take these edits back to Ms. Kirchmeyer and work with staff to assign tasks to each of the objectives. The revised draft will then be submitted to the Board for adoption at the February 2014 Board Meeting.
