

LICENSING COMMITTEE
MAY 3, 2012

REPORT DATE: April 14, 2012

SUBJECT: Compliance of Section 2168 Special Faculty Permit Holders

REFERRED BY: Curtis J. Worden, Chief of Licensing

REASON: Report on Continued Compliance of Section 2168 Special Faculty Permit Holders

REQUESTED ACTION:

On February 2, 2012, Ms. Hedy Chang requested the Medical Board of California (Board) staff to report on continued compliance of Section 2168 Special Faculty Permit holders.

BACKGROUND:

Under Article 8.5 of the Medical Practice Act commencing with Section 2168 of the Business and Professions Code (Section 2168), the Board is authorized to issue a Special Faculty Permit (permit) to a person who is deemed to be academically eminent under the provisions of the statute and meets the other eligibility requirements for issuance of a permit or is clearly outstanding in a specific field of medicine or surgery and has been offered by the dean of a medical school in this state a full-time academic appointment at the level of full professor or associate professor, and a great need exists to fill that position. This permit authorizes the holder to practice medicine only within the facilities of the applicable medical school and any formally affiliated institutions.

A review committee was created to review applications and make recommendations to the full Board on the approval of such permits. The review committee consists of one representative from each of the eight medical schools in California and two Board members for a total of ten members.

California currently has eight medical schools that are eligible to submit applications for permit applicants:

- Loma Linda University
- Stanford University
- University of California - Davis
- University of California - Irvine
- University of California - Los Angeles
- University of California - San Diego
- University of California - San Francisco
- University of Southern California

Since 1999 the Board has approved 19 permits; 15 permits are current and 4 permits have been canceled (See Attached Chart).

COMPLIANCE:

At the time of the permit holder's renewal, the permit holder must have the Dean sign the following certification:

SPONSORING MEDICAL SCHOOL DEAN'S CERTIFICATION: I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF CALIFORNIA THAT THIS PERMIT HOLDER CONTINUES TO MEET THE ELIGIBILITY CRITERIA SET FORTH IN SECTION 2168, IS STILL EMPLOYED SOLELY AT THE SPONSORING INSTITUTION, CONTINUES TO POSSESS A CURRENT MEDICAL LICENSE IN ANOTHER STATE OR COUNTRY, AND IS NOT SUBJECT TO PERMIT DENIAL UNDER SECTION 480 OF THE BUSINESS AND PROFESSIONS CODE.

DEAN'S SIGNATURE REQUIRED HERE

DATE

The permit holder is required to comply with the continuing medical education requirements of California Code of Regulations (CCR) Article 10 (commencing with Section 2190). In addition to these requirements set forth above, a permit shall be renewed in accordance with CCR Article 19 (commencing with Section 2420) in the same manner as a physician's and surgeon's certificate.

Pursuant to Business and Professions Code §2168.4 and California Code of Regulations, Title 16, Division 13, §1315.02, the Dean is required to report to the Board within 30 days that a permit holder no longer meets the requirements to hold a permit. Upon receipt of notification that a permit holder no longer meets the requirements for a permit, the Board will cancel the permit.

Permit holders are listed on the Board's Web site with the licensed physicians and surgeons. The public can search the Board's Web site to verify a permit holder's current status and public record. The complaint process is the same for a permit holder, as it is for any other complaint the Board receives for any other physician and surgeon (licensed and/or unlicensed).

The Board is notified of any arrests and/or convictions of a permit holder. A permit may be denied, suspended, or revoked for any violation that would be grounds for denial, suspension, or revocation of a physician's and surgeon's certificate. To date the Board has not formally disciplined any permit holder.

CALIFORNIA CODES
BUSINESS AND PROFESSIONS CODE
SECTION 2168-2169

2168. (a) A special faculty permit authorizes the holder to practice medicine only within the medical school itself and any affiliated institution in which the permitholder is providing instruction as part of the medical school's educational program and for which the medical school has assumed direct responsibility. The holder of a special faculty permit shall not engage in the practice of medicine except as provided above.

(b) Time spent in a faculty position under a special faculty permit shall not be counted toward the postgraduate training required for licensure and shall not qualify the holder of the permit for waiver of any written examination required for licensure.

(c) The medical school shall not appoint the holder of a special faculty permit to a position as a division chief or head of a department without express written authorization from the division.

2168.1. (a) Any person who meets all of the following eligibility requirements may apply for a special faculty permit:

(1) Is academically eminent. For purposes of this article, "academically eminent" means the applicant meets either of the following criteria:

(A) He or she holds or has been offered a full-time appointment at the level of full professor in a tenure track position, or its equivalent, at a California medical school approved by the Division of Licensing.

(B) He or she is clearly outstanding in a specific field of medicine or surgery and has been offered by the dean of a medical school in this state a full-time academic appointment at the level of full professor or associate professor, and a great need exists to fill that position.

(2) Possesses a current valid license to practice medicine issued by another state, country, or other jurisdiction.

(3) Is not subject to denial under Section 480 or any provision of this chapter.

(4) Pays the fee prescribed for application for, and initial licensure as, a physician and surgeon.

(5) Has not held a position under Section 2113 for a period of two years or more preceding the date of the application. The Division of Licensing may, in its discretion, waive this requirement.

(b) The Division of Licensing shall exercise its discretion in determining whether an applicant satisfies the requirements of paragraph (1) of subdivision (a).

(c) (1) The division shall establish a review committee comprised of two members of the division, one of whom shall be a physician and surgeon and one of whom shall be a public member, and one representative from each of the medical schools in California. The committee shall review and make recommendations to the division regarding the applicants applying pursuant to this section, including those applicants that a medical school proposes to appoint as a division chief or head of a department or as nontenure track faculty.

(2) The representative of the medical school offering the applicant an academic appointment shall not participate in any vote on the recommendation to the division for that applicant.

2168.2. An application for a special faculty permit shall be made on a form prescribed by the Division of Licensing and shall include any information that the Division of Licensing may prescribe to establish an applicant's eligibility for a permit. This information shall include, but is not limited to, the following:

(a) A statement from the dean of the medical school at which the applicant will be employed describing the applicant's qualifications and justifying the dean's determination that the applicant satisfies the requirements of paragraph (1) of subdivision (a) of Section 2168.1.

(b) A statement by the dean of the medical school listing every affiliated institution in which the applicant will be providing instruction as part of the medical school's educational program and justifying any clinical activities at each of the institutions listed

by the dean.

2168.3. A special faculty permit may be denied, suspended, or revoked for any violation that would be grounds for denial, suspension, or revocation of a physician and surgeon's certificate, or for violation of any provision of this article. The holder of a special faculty permit shall be subject to all the provisions of this chapter applicable to the holder of a physician's and surgeon's certificate.

2168.4. (a) A special faculty permit expires and becomes invalid at midnight on the last day of the permitholder's birth month during the second year of a two-year term, if not renewed.

(b) A person who holds a special faculty permit shall show at the time of license renewal that he or she continues to meet the eligibility criteria set forth in Section 2168.1. After the first renewal of a special faculty permit, the permitholder shall not be required to hold a full-time faculty position, and may instead be employed part-time in a position that otherwise meets the requirements set forth in paragraph (1) of subdivision (a) of Section 2168.1.

(c) A person who holds a special faculty permit shall show at the time of license renewal that he or she meets the continuing medical education requirements of Article 10 (commencing with Section 2190).

(d) In addition to the requirements set forth above, a special faculty permit shall be renewed in accordance with Article 19 (commencing with Section 2420) in the same manner as a physician's and surgeon's certificate.

(e) Those fees applicable to a physician's and surgeon's certificate shall also apply to a special faculty permit and shall be paid into the State Treasury and credited to the Contingent Fund of the Medical Board of California.

2168.5. The Medical Board of California shall report to the Legislature by December 31, 2011, on the status of the special faculty permit program.

2169. A person who holds a special faculty permit shall meet the continuing medical education requirements set forth in Article 10 (commencing with Section 2190).

MEDICAL BOARD OF CALIFORNIA
Executive Office

December 9, 2011

The Honorable Curren Price, Chair
Senate Business, Professions and Economic
State Capitol, Room 2053
Sacramento, CA 95814

The Honorable Mary Hayashi, Chair
Assembly Business, Professions and Consumer Protection Committee
State Capitol, Room 3013
Sacramento, CA 95814

Re: Business and Professions Code 2168.5

Dear Senator Price and Assembly Member Hayashi,

The Medical Board of California is pleased to provide the following report in compliance with Business and Professions Code 2168.5, relating to the Special Faculty Permit Program. The section states:

The Medical Board of California shall report to the Legislature by December 31, 2011, on the status of the special faculty permit program.

Assembly Bill 523 (Lempert, Chapter 332, Statutes of 1997) established the Special Faculty Permit Program in section 2168 of the Business and Professions Code. The program allows academically eminent physicians who are not otherwise eligible for licensure in California to obtain a limited license to practice medicine within a specific medical institution. This license does not allow for the unrestricted practice of medicine outside the sponsoring institution.

The intent of this statute was to ensure that California's medical schools could continue to attract eminent physicians who were not immediately eligible for licensure and who would otherwise be lost to institutions in other states if they were required to defer their work while taking the steps needed to qualify for a full and unrestricted medical license. These international physicians have outstanding credentials in their field of specialty and are recognized throughout the world as experts. Regulations to enact this section were adopted by the Division of Licensing (currently known as the Licensing Program) in late 1998 and became effective in February 1999.

Since the inception of the program, the Board has received and processed 20 applications on behalf of California medical schools for the issuance of Special Faculty Permits. Out of the 20 applications, 19 of the applicants satisfied the requirements and were issued a permit. The other application is currently awaiting review by the Special Faculty Permit Review Committee to determine if the applicant is eligible for issuance of the 2168 permit.

The Special Faculty Permit physicians are practicing within the following medical schools and their affiliated hospitals in California: University of California, Davis; University of California, Los Angeles; University of California, San Diego; University of California, San Francisco; University of California, Irvine and University of Southern California.

Below is a table of the physicians who have been granted permits, their specialties, date of original permit, and renewal dates.
