#### Memorandum

Date:

April 15, 2011

To:

Licensing Committee

From:

Reginald Low, M.D.

Subject:

Status Update of International Medical School Recognition

International Medical Schools are subject to review pursuant to Title 16, Section 1314.1 (a)(2), of the California Code of Regulations (CCR).

Attached for your information is the list of the International Medical Schools that have submitted applications for recognition by the Board. This list provides both the timelines and the current status of the application.

The list of medical schools that were previously recognized by the Board with the reevaluation schedule is also attached. The current reevaluation schedule is on hold as of the date of this memorandum due to the current staffing levels in the Licensing Program.

In summary, the initial evaluations of medical schools for recognition and the reevaluations of the previously evaluated medical schools are on hold or will move very slowly at best as a result of inadequate staffing.
