MEDICAL BOARD OF CALIFORNIA

BOARD ROSTER

The Medical Board of California (Board) is comprised of fifteen members: eight physician members and five public members appointed by the Governor, one public member appointed by the Speaker of the Assembly, and one public member appointed by the Senate Rules Committee. The Board has six standing committees, five two-member task forces, two disciplinary panels, and a Midwifery Advisory Council, that assist with the work of the Board.

Sharon Levine, M.D.

Randy W. Hawkins, M.D.

Brenda Sutton-Wills, J.D.

Ronald H. Lewis, M.D.
Vice President

Howard R. Krauss, M.D.

David Warmoth

Michelle Anne Bholat, M.D.
Secretary

Kristina D. Lawson, J.D.

Jamie Wright, J.D.

Felix C. Yip, M.D.

MISSION

The mission of the Medical Board of California is to protect health care consumers through the proper licensing and regulation of physicians and surgeons and certain allied health care professionals and through the vigorous, objective enforcement of the Medical Practice Act, and to promote access to quality medical care through the Board's licensing and regulatory functions.

VISION

To be the premier consumer protection agency leading the effort to advance high quality, safe medical care.

Edmund G. Brown, Jr.
Governor

Kimberly Kirchmeyer
Executive Director

Christine Lally
Deputy Director

EXECUTIVE SUMMARY

The Board was the first board within the Department of Consumer Affairs and is the consumer protection agency that licenses and regulates allopathic physicians and surgeons; licensed midwives; polysomnographic technologists, technicians, and trainees; and research psychoanalysts. The Board also approves accreditation agencies for the accreditation of outpatient surgery settings and issues fictitious name permits.

SUNSET REVIEW

The Board's mission of consumer protection was enhanced with the passage of [Senate Bill \(SB\) 798 \(Hill, Chapter 77\)](#), which extended the regulatory and administrative functions of the Board for four years. The bill gave the Board the authority to automatically revoke the licenses of physicians who are required to register as sex offenders; authorized the Board to issue penalties for failure to file certain mandatory reports; and increased current postgraduate training requirements for physician and surgeon applicants beginning in January 2020.

STRATEGIC PLAN

The Board completed its [Strategic Plan for 2018-2021](#), providing a road map to guide its efforts to protect California consumers for the next four years. Using feedback gathered from the public, the ambitious strategic plan establishes goals for licensing, enforcement, legislation and regulation, outreach, and Board administration that will strengthen consumer protection in California.

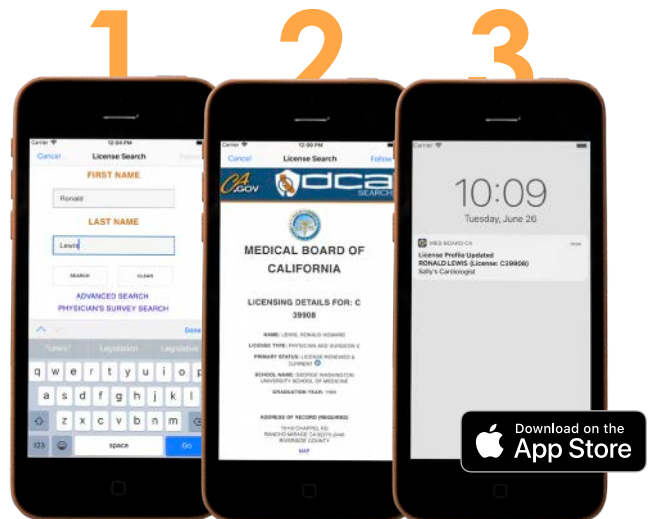

CANNABIS GUIDELINES

The Board also updated and expanded its [Guidelines for the Recommendation of Cannabis for Medical Purposes](#). The purpose of the guidelines is to provide guidance and information to physicians who choose to recommend cannabis for medical purposes to their patients. This update was done in collaboration with the Center for Medicinal Cannabis Research at the University of California, San Diego, and in accordance with [SB 643 \(McGuire, Chapter 719\)](#).

LICENSE ALERT MOBILE APP

The development of the Board's [License Alert Mobile App](#) for Apple iOS devices continued the Board's outreach efforts and enhanced transparency to consumers. Developed entirely by Board staff, the mobile app allows consumers to 'follow' the licenses of up to 16 physicians and receive notifications when there has been an update to any of those physician's license profile. The app sends alerts to users whenever a physician's name, address, practice status, license expiration, or survey data changes, or when disciplinary actions or enforcement documents are added to the physician's profile. With the release of this new mobile app, the Board became the first medical board in the nation to utilize such technology to notify patients about their physicians. To date **thousands** of consumers have downloaded the app. A version for Android smart phones is forthcoming.

it's
AS EASY AS

BRAND MODERNIZATION

The Board modernized the look and feel of its publications with the design of a new seal and logo. The new design replaced the caduceus, a short staff entwined by two serpents under a set of wings, with the Rod of Asclepius, which traditionally represents healing and medicinal arts.

Old

New

SOCIAL MEDIA EXPANSION

The Board developed a new communications plan expanding its outreach to consumers through multiple social media platforms including [Facebook](#), [Twitter](#), and [YouTube](#). As part of this plan, the Board began posting administrative actions on its Twitter and Facebook feeds, and has significantly increased the amount of posts on all social media channels. With these combined efforts, the Board had nearly **2,000,000** unique visits to its website, www.mbc.ca.gov.

MEDICAL BOARD CHAT

The Board launched its first podcast titled “[Medical Board Chat](#),” becoming the first licensing board under the Department of Consumer Affairs to use this form of outreach. The podcast offers a new and innovative way to bring information about the Board to the public. The Board plans to produce one podcast per month covering a wide variety of topics of interest to licensees and consumers.

BUDGET SUMMARY

Physicians' renewal fees are the primary source of revenue for the Board, as illustrated below in the revenues and reimbursements chart. The budget distribution chart reflects the budgeted (not actual) expenditures in each of the Board's programs.

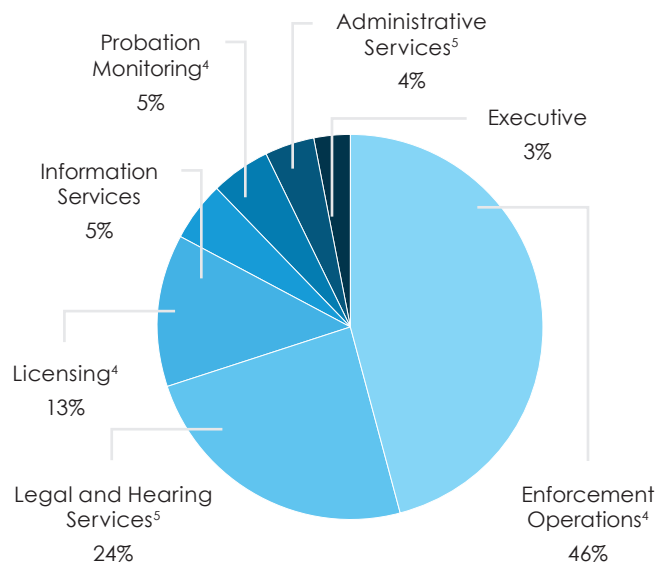

The Enforcement Program accounts for **75** percent of the Board's overall expenditures. Although the Board cannot order cost recovery for the investigation and prosecution of a case, the Board can order probation monitoring costs be reimbursed. The Licensing Program accounts for **13** percent of the Board's expenditures, while the Executive and Administrative Programs account for **7** percent. The Information Systems Branch accounts for the remaining **5** percent of the Board's overall expenditures.

Revenues and Reimbursements¹

Revenues and Reimbursements ¹	
Renewals ²	\$50,278,000
Application and Initial License Fees ²	\$7,218,000
Reimbursements	\$2,589,000
Other ³	\$1,454,000
Total	\$61,539,000

Budget Distribution

Budget Distribution	
Enforcement Operations ⁴	\$30,749,000
Legal and Hearing Services ⁵	\$15,925,000
Licensing ⁴	\$8,577,000
Information Systems	\$3,579,000
Probation Monitoring ⁴	\$3,303,000
Administrative Services	\$2,351,000
Executive	\$1,928,000
Total	\$66,412,000

¹ Revenues and Reimbursements excludes repayment of the General Fund loan and corresponding interest.

² Physicians and Surgeons.

³ Regulatory Fees, Delinquency/Penalty/Reinstatement Fees, Interest on Fund, and Miscellaneous.

⁴ Excludes Attorney General Services, Office of Administrative Hearings, and Court Reporter Services.

⁵ Includes Attorney General Services, Office of Administrative Hearings, and Court Reporter Services.

LICENSING PROGRAM

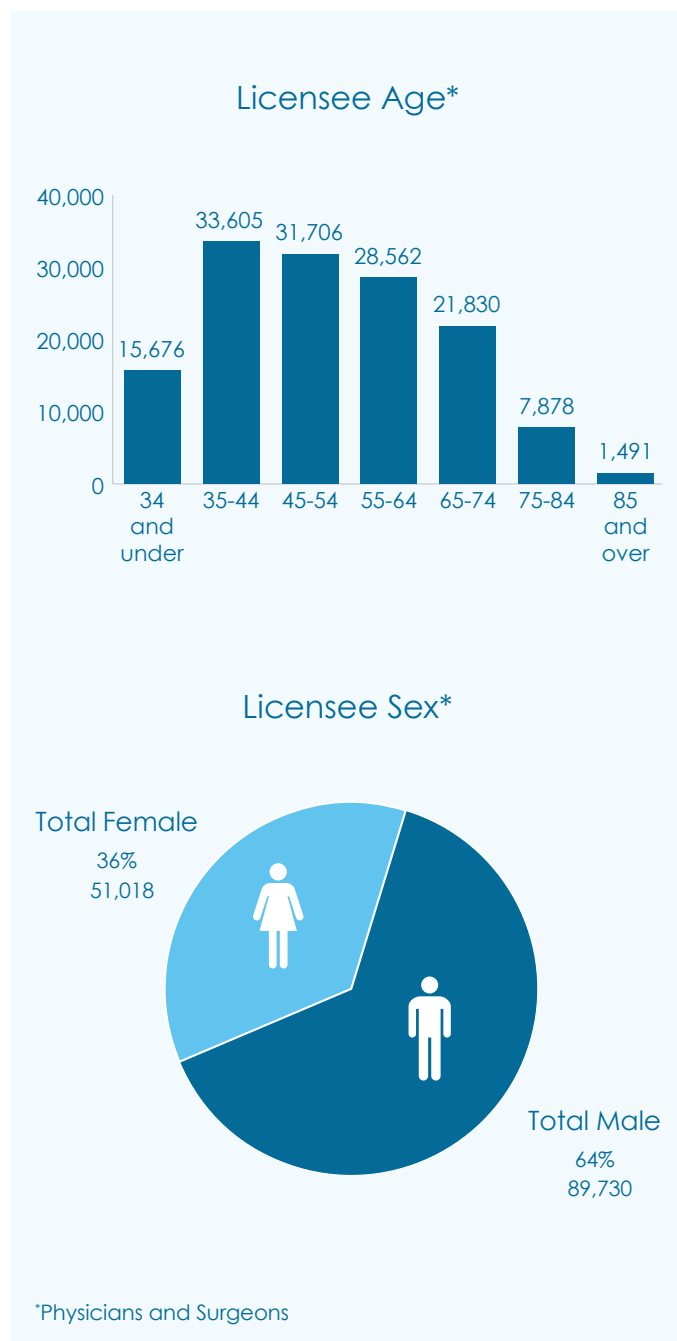

The Board's Licensing Program protects consumers by setting requirements for licensure, including education, experience, and demonstrated competence, and issues licenses to individuals meeting those requirements. The Licensing Program also provides license verification services, issues fictitious name permits, and approves accreditation agencies for the accreditation of outpatient surgery settings. To ensure timely licensure of residents, the Licensing Program provides outreach activities throughout the state to assist with the application process.

POSTGRADUATE TRAINING REQUIREMENT CHANGES

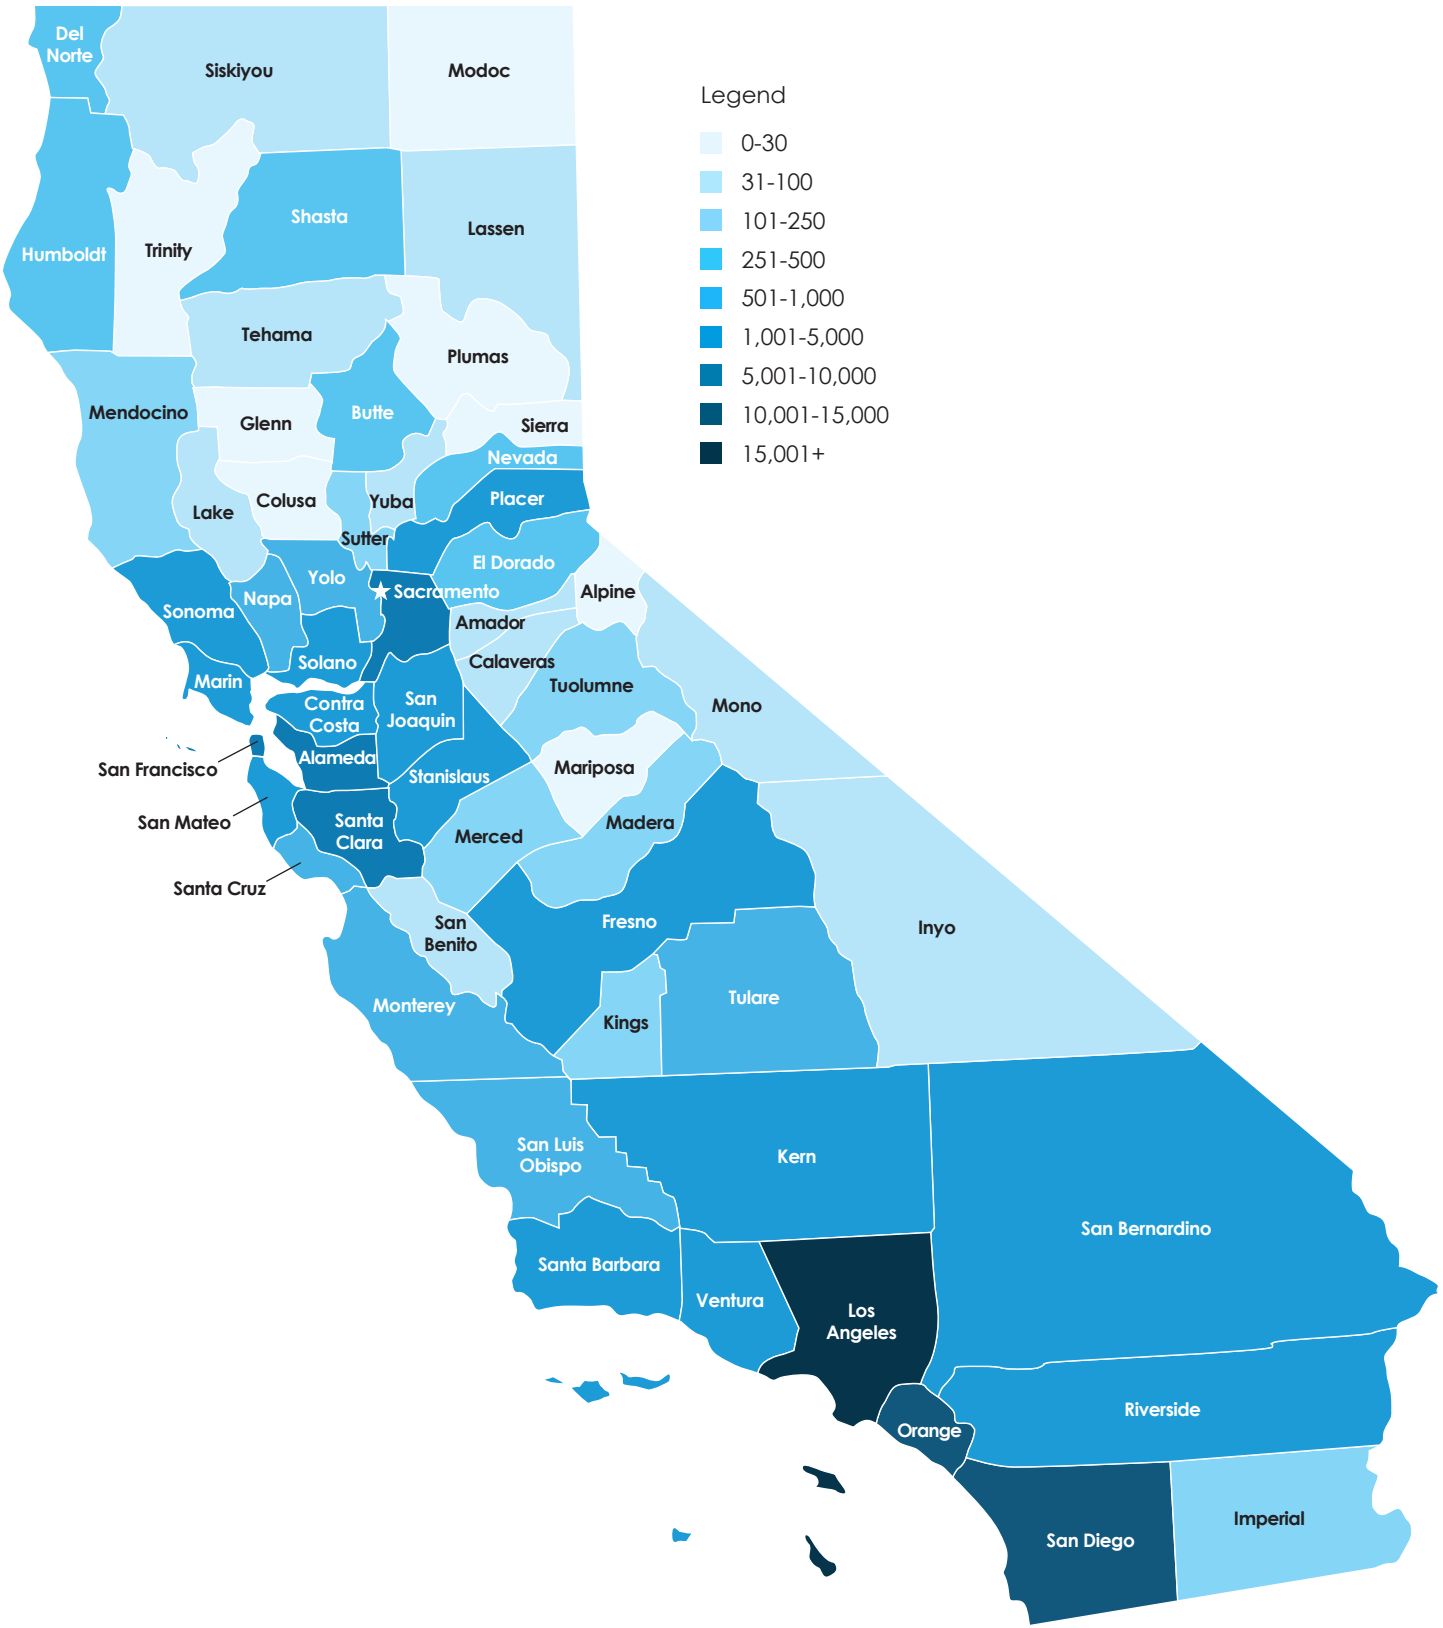

The Licensing Program is preparing for its most significant change in decades as a result of the Board's sunset bill, [SB 798 \(Hill, Chapter 77\)](#). Effective January 1, 2020, physician applicants will be required to complete three years of Board-approved postgraduate training, regardless of where the applicant attended medical school. The new law also creates a postgraduate training license for residents that participate in an approved postgraduate training program in California. These changes will require significant internal coordination of Board staff working diligently on an implementation plan that will include revised applications, forms, policies, procedures, and updates to the BreEZe online system. Most importantly, the changes will require detailed communications and outreach to the Board's stakeholders, which have already been initiated.

LICENSING ACTIVITY

The Licensing Program is mandated to conduct an initial review of all physician's and surgeon's applications within 60 working days. The Licensing Program's strategic goal for reviewing physician's and surgeon's applications and Postgraduate Training Authorization Letter (PTAL) applications is 45 calendar days. Since November 2016, the Licensing Program has reviewed applications within **28** days of receipt.

⁵ Total physician licenses in effect including inactive, retired or disabled license status - 147,494.

⁶ Includes 2 PTAL denials.

⁷ Includes 21 Fictitious Name Permits issued on behalf of the Board of Podiatric Medicine.

⁸ Includes 34 Fictitious Name Permits issued on behalf of the Board of Podiatric Medicine.

ENFORCEMENT PROGRAM

The Board's Enforcement Program investigates allegations to determine if a violation of the [Medical Practice Act](#) or other laws has occurred and takes action as appropriate. In addition, the Enforcement Program monitors licensees' compliance with the terms and conditions of a disciplinary order.

During fiscal year 2017-2018, the Enforcement Program received **10,888** complaints against physicians and surgeons and unlicensed individuals. This was an increase of **1,269** complaints from the prior fiscal year.

FIGHTING THE OPIOID EPIDEMIC

On average, 115 Americans die every day from an opioid overdose. To combat this epidemic the Board continued its work on the [death certificate project](#). Born out of vetoed legislation that would have required coroners in California to report deaths when the cause of death is the result of prescription drug use, the Board's death certificate project utilizes California death record data to identify physicians that may be inappropriately prescribing opioids to their patients. Based upon this information, the Board has been investigating physicians who may have violated the law. The Board understands that just because a patient death occurred it does not automatically mean the physician deviated from the standard of care or violated the [Medical Practice Act](#). However, in cases where the Board determines a violation occurred, the Board takes appropriate action.

CITATION AND FINE AUTHORITY

The Board is authorized to issue citations and fines for certain technical violations of laws and regulations. To further consumer protection, the Board adopted regulations that authorized it to issue citations with orders of abatement and fines to licensed midwives and polysomnographic technologists, technicians, and trainees, and added additional provisions from the Business and Professions Code, Health and Safety Code, and California Code of Regulations to the list of citable offenses. A complete list of citable offenses is available in the Board's [regulations](#). During this fiscal year, the Board issued a total of **150** citations.

Program Summary

CURES

The Board developed a [fact sheet](#) detailing the Controlled Substance Utilization Review and Evaluation System (CURES) new [mandatory use requirement](#), which became effective October 2, 2018. The Board has continued to assist physicians with registration and consultation of the CURES database as mandated by law. The CURES database is maintained by the Department of Justice (DOJ) and tracks all Schedule II, III, and IV controlled substances prescriptions dispensed in California. This database is used by State public health, regulatory oversight, and law enforcement agencies to reduce prescription drug abuse and diversion. As of October 2, 2018, all licensed healthcare providers who prescribe controlled substances Schedules II-IV are required to consult CURES within 24 hours before prescribing, ordering, administering, or furnishing a controlled substance for the first time to any patient, unless an exemption applies. Additionally, prescribers must consult CURES at least once every four months thereafter if the controlled

substance remains part of the patient's treatment. Other resources are available on the Board's website to assist physicians in understanding the CURES program.

Conviction of a Crime	3	4	-	1	-	6	14
Unprofessional Conduct	16	21	1	16	11	46	111
Total Administrative Actions	59	98	5	139	16	133	450

¹ Pursuant to [BPC §2220.05\(c\)](#), disciplinary actions were taken in the following priority categories: 2 - gross negligence/incompetence resulting in death or serious bodily injury; 0 - practicing under the influence resulting in death or serious bodily injury; 26 - excessive prescribing; 0 - excessive recommending of medical cannabis; 16 - sexual misconduct with a patient; 2 - practicing under the influence of drugs/alcohol; and 0 - excessive prescribing to a minor.

Enforcement Program Caseload

FY 17-18

	Statewide	Per Investigator/Inspector
Health Quality Investigation Unit (Department of Consumer Affairs)¹		
Active Investigations	1,935	25 ²
AG Cases Assigned ³	417	5 ²
Probation Unit⁴		
Monitoring Cases ⁵	606	40

¹ Includes physicians and surgeons, licensed midwives, research psychoanalysts, outpatient surgery settings, and polysomnographic program.

² Average is determined by using the total number of authorized positions, including vacant positions.

³ Cases are at various stages of AG processing and may require supplemental investigative work, such as subpoena services, interviewing new victims or witnesses, testifying at hearings, etc.

⁴ Includes physicians and surgeons.

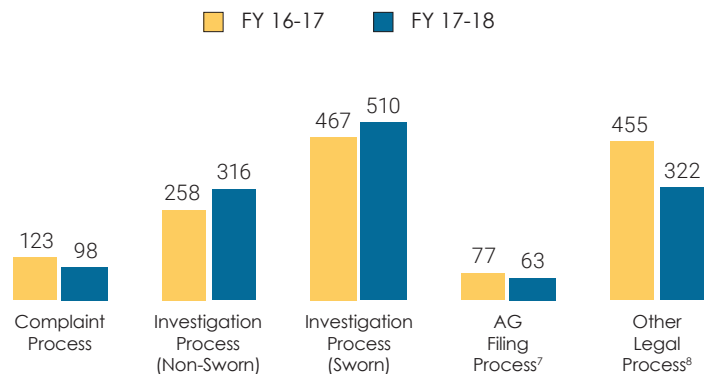

⁵ 109 additional monitoring cases were inactive because the probationer was out of state as of June 30, 2018.

⁶ Average and median time (calendar days) in processing complaints during the fiscal year, for all cases, from date of original receipt of the complaint, for each stage of discipline, through completion of judicial review.

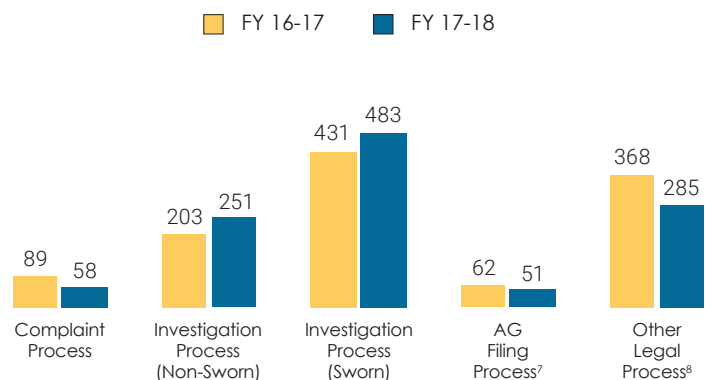

⁷ Days from case transmittal to initial pleading filed.

⁸ Days from filing to final case disposition.

Average Enforcement Processing Time Frames⁶

Median Enforcement Processing Time Frames⁶

Licensed Midwife Annual Report Summary¹		
Clients Served as Primary Caregiver at the Onset of Care	5,420	5,932
Clients Served with Collaborative Care Available Through or Given by a Licensed Physician and Surgeon	2,480	2,665
Clients Served Under the Supervision of a Licensed Physician and Surgeon	171	228
Planned Out-of-Hospital Births at the Onset of Labor	3,664	3,981
Planned Out-of-Hospital Births Completed in an Out-of-Hospital Setting:	3,018	3,297
Twin Births	1	0
Multiple Births (Other Than Twin Births)	6	0
Breech Births	11	12
VBAC (Vaginal Births After the Performance of a Cesarean Section)	159	152
Complications		
Resulting in the Mortality of the Mother Prior to Transfer	0	0
Resulting in the Mortality of the Mother After Transfer	0	0
Resulting in the Mortality of the Infant Prior to Transfer	3	2
Resulting in the Mortality of the Infant After Transfer	5	5
Antepartum		
Primary Care Transferred to Another Health Care Practitioner (Elective)	407	465
Urgent or Emergency Transport of Expectant Mother	117	111
Intrapartum		
Elective Hospital Transfer	467	521
Urgent or Emergency Transfer of an Infant or Mother	78	70
Postpartum		
Elective Hospital Transfer of Mother	63	69
Elective Hospital Transfer of Infant	39	31
Urgent or Emergency Transfer of Mother	34	41
Urgent or Emergency Transfer of Infant	48	56

¹ Conclusions should not be drawn from this summary as data does not specify whether the death is fetal, intrapartum or neonatal; whether the affected perinate had congenital anomalies incompatible with life; or whether the perinate was born in or out of a hospital. Births are attended by the licensed midwife as the primary caregiver.
