

## Proposed Committee Mission Statement

### Possible elements of a mission statement

- \* striving to make health care equally accessible to all Californians, regardless of ability to pay
- \* acknowledging health rights of all patients
- \* serving demographically diverse peoples and communities
- \* timely health care
- \* cost effective health care delivery
- \* developing and influencing health policy
- \* reducing health risks and disparities
- \* offering new avenues to educate current and future generations of health care professionals
- \* offer leadership and encourage new and innovative partnerships
- \* evaluating and improving outcomes
