ADDING AUTHORIZED REPRESENTATIVE

Each physician and the Authorized Representative must have their own accounts to set up this process.

Please go to www.breeze.ca.gov. On the right hand side under “For Applicants and Licensees” you can log into an existing account or if the physician already has a BreEZe account, log into that account. (If you do not have a BreEZe account, please complete the “New Users, BreEZe Registration”.)

An Authorized Representative (i.e., Secretaries, Office Assistants, or anyone else who may help the licensee in their daily business activities) can perform the following functions for the physician:

- Make Payments
- Apply for Renewals
- Maintain License Information

In order for the Authorized Representative to be added to your account, the person you want to add as an Authorized Representative must also be registered with BreEZe and the physician must know the Authorized Representative’s User ID.

AUTHORIZED REPRESENTATIVE:

When an Authorized Representative creates their own account, the Authorized Representative will click the “No” box on the Add Licenses to Registration screen.
On the Add Licenses to Registration – Validation screen, the Authorized Representative must enter his or her information, type the Security Measures letters, then click the “Next” button.

**PLEASE NOTE:** Please click the “Refresh” button as many times as necessary until you can read the letters. Once you type the letters, click the “Next” button then **WAIT**! The system is looking to make sure you do not have a license with the Department of Consumer Affairs.

**PHYSICIAN’S ACCOUNT:**

From the physician’s Quick Start Menu, look to the right hand side of the screen, under Additional Activities, and choose the blue “Select” button next to **Add Authorized Representative**:
