OUTPATIENT SURGERY SETTINGS
NOT REQUIRED TO BE ON THE BOARD’S
OUTPATIENT SURGERY SETTING LIST

Note: The Board’s listing does include some Outpatient Surgery Settings that have been accredited pursuant to the Centers for Medicare and Medicaid Services (CMS) Medicare requirements, this information was provided as a courtesy to the Board by some of the Board’s approved Accreditation Agencies. This will not include all CMS accredited Outpatient Surgery Settings since CMS has more approved Accreditation Agencies than the Board. However, these Outpatient Surgery Settings are exempt from being on the Board’s list and may or may not have all of the information that is required for Outpatient Surgery Settings that are accredited pursuant to California Health and Safety Code Section 1248.15. The Board has identified these Outpatient Surgery Setting listings as “CMS”

The following is a list of the types of Outpatient Surgery Settings not required by California Statute to be on the Board’s listing of Outpatient Surgery Settings:

- Outpatient Surgery Settings Licensed by the California Department of Public Health as surgical clinics

- Outpatient Surgery Settings where anxiolytics and analgesics are administered, when done so in compliance with the community standard of practice, in doses that do not have the probability of placing the patient at risk for loss of the patient’s life-preserving protective reflexes

- Any clinic conducted, maintained, or operated by a federally recognized Indian tribe or tribal organization and located on land recognized as tribal land by the federal government

- Any clinic directly conducted, maintained, or operated by the United States or by any of its departments, officers, or agencies

- Any primary care clinic licensed under subdivision (a) and any surgical clinic licensed under subdivision (b) of Section 1204 of the California Health and Safety Code
• Primary care clinics: tax-exempt non-profit
• Free clinics: tax-exempt non-profit
• Surgical clinics not part of a hospital, less than 24 hours of care
• Rehabilitation clinics
• Alternative birth centers, less than 24 hours of care

➢ Any health facility licensed as a general acute care hospital under Chapter 2 (commencing with Section 1250) of the California Health and Safety Code

➢ Ambulatory surgical centers that are certified to participate in the Medicare program under Title XVIII (42 U.S.C. Sec. 1395 et seq.) of the federal Social Security Act (CMS)
